ADVANCED PLACEMENT (AP)

Parents and students wanting more details on topics covered in any Advanced Placement (AP) class should visit this website for complete descriptions: <http://apcentral.collegeboard.com/apc/public/courses/descriptions/index.html>.

It is required that the students take the national Advanced Placement Examination for all AP level courses. Typically, they must earn a score of 3 or better in order to receive college credit for most colleges. (contact specific college for confirmation)

AICE (ADVANCED INTERNATIONAL CERTIFICATE OF EDUCATION) PROGRAM

The AICE Program is an International Pre-University Preparation Program, part of the Cambridge Assessment Group, a not-for-profit organization and a department of the University of Cambridge in England. Pre-AICE courses taken primarily during the 9th & 10th grade prepare students for AICE-level (college level) courses. Students will take their first AICE level courses during 9th grade, and more are added each successive year. Each AICE-level course culminates with a Cambridge exam. Students can earn

college credit for passing scores in every AICE-level exam they take. AICE courses are among the highest level, most rigorous available to students across the world.

Students who are able to pass a minimum of 7 AICE exams, with one in each of the academic categories, will earn the AICE Diploma Award (ADIP) from Cambridge. These students are automatically eligible for the Florida Academic Scholars Award (the highest level) of the Bright Futures Scholarships (the one that pays 100% of tuition!) – as long as they have documented 100 hours of community service. Normally, in addition to community service hours, students would be required to have a minimum GPA and achieve minimum SAT/ACT scores to earn the Bright Futures Scholarship. But for ADIP earners, Bright Futures will waive the SAT/ACT score requirement AND the GPA requirement!

Students enrolled in an AICE Course will be required to take the AICE exam of that course given at the end of the school year.

Additional program information can be found at www.cambridgeinternational.org/aice

AICE COURSES OFFERED

Diploma Requirements: a minimum of seven (7) credits from three subject groups, plus the core course (AS Global)

GROUP 1 (Math & Science) (1 Required)	GROUP 2 (Languages) (1 Required)	GROUP 3 (Arts & Humanities) (1 Required)	GROUP 4 (Interdisciplinary Subjects) (Max 2 required)	CORE (Required)

HCC Dual Enrollment

The Dual Enrollment Program is designed for students pursuing a college-preparatory course of study in high school. Dual enrollment courses are applicable to the Associate in Arts degree at Hillsborough Community College (HCC). Students and parents should make the decision to enroll in dual enrollment courses based on communication with the university the student will attend. Some schools do not accept dual enrollment credits. Other schools only give elective credit. Some schools award no credit because these classes are not applicable to the degree requirements. Dual Enrollment course offerings frequently change. The courses listed below will be offered if an HCC instructor is available. Additional courses may be offered. Students should indicate an academic alternate on their programming sheet in case their chosen Dual Enrollment class is unavailable. Dual enrollment classes are weighted the same as Advanced Placement and AICE classes at .08 higher than regular classes (for students entering 9th grade 2022 and beyond). Students entering 9th grade 2023, there is a new weighted grade scale. Dual enrollment classes can enhance a student's GPA.

Dual Enrollment classes are offered at HCC and at Riverview. If you plan to take Dual Enrollment classes next year, you'll still sign up for a full class load during programming so that you have reserved a spot in Honors or AP in case you don't get the Dual Enrollment class. If you qualify to take Dual Enrollment classes, there will be additional paperwork that you will complete at Riverview and an online application that you will do for HCC. Since we have no guarantees of availability, we will edit your class choices for next year based on which Dual Enrollment classes you're able to take.

Additional program information can be found at www.hccfl.edu/admissions/steps-enroll/dual-enrollment-and-early-admissions
