Dear Parents/Guardians,

All educators in Florida are monitored to ensure they meet certification and training requirements as required by law. Under Florida Statute 1012.42, when a teacher is assigned teaching duties outside of the field in which the teacher is certified, the parents of all students in the class will be notified in writing.

Hillsborough County Public Schools is committed to providing quality instruction for all students and does so by employing the most qualified individuals to teach and support each student in the classroom. The district is assisting our teachers in developing an *Individual Professional Development Plan* to complete the requirements necessary to enter the field.

All of our teachers are certified to teach, although some of them are currently out of the field and are working in additional areas of certification. You have the right to know the professional qualifications of the teachers or paraprofessionals who instruct your child. Federal law allows you to request certain information about your child's teachers and requires us to provide this information to you in a timely manner if you request it. If you would like more information, please contact the school at 813-744-8108.

The table below lists teachers who are currently off the field.
