# Kimbell Fourth Grade News

- ◆ December 2021:
- ◆ End of 2nd Grade Period December 17.
- ◆ Last Day of School December 17.

Reading: Students will focus on identifying how authors structure their writing pieces using structures such as cause and effect, problems and solution, and chronology as they learn about the history of transportation, real life adventures, and stories about families.

Writing: Students will continue to develop four paragraph essays using sequential sets. Our focus continues to be well developed paragraphs with a strong introduction and organized supportive paragraphs with appropriate spelling and grammar.

Social Studies: Fourth graders continue to learn about the state of Florida as well as regions in the United States.

Math: Building on their knowledge of place value, students will use context to determine what to do with a remainder in a division problem and model equal groups with concrete models, drawings, and place value

Science: Students will investigate and describe the Practice of Science. They will raise questions about the natural world, use appropriate reference materials that support understanding to obtain information conduct both individual and team investigations through free exploration and systematic investigations, and generate appropriate explanations based on those explorations. Compare the observations made by different groups using multiple tools and seek reasons to explain the differences across groups.
