

Dear Guardian or Student,
Throughout the month of
May, Mann and Troop 3208
will be doing a free book
giveaway for the summer
and we would like your
child to participate.

The Survey for our reading program

The QR code you see here is for the students to take a 5-6 question survey as evidence they read. The student can do the survey multiple times for each book they read and they will see the same code on their flyer. The questions will be simple, like how much they enjoyed the book. It will be easy to just read, take the survey, state their opinion, and even receive a reward for it! Please consider letting your student participate in our program.
-Troop 3208

Sponsored by
Troop 3208 for
their Silver Award

Why your child should Participate in Summer reading

1. The study suggests that children who participate in public library summer reading programs increased their reading skills, motivation, confidence, and enjoyment..
2. Kids who read for fun get higher grades in spelling, ELA, and even math
3. Students' achievements decline over a summer doing nothing by a month of learning

QR CODE FOR THE SURVEY TO WIN

“Books make great gifts
because they have whole
worlds inside of them. And it’s
much cheaper to buy
somebody a book than it is to
buy them the whole world!”
-Neil Gaiman
