

Hello Memorial Middle School Families,

Your After School All Stars program is getting ready to launch FREE virtual classes for all e-learners to stay connected and receive academic support after school.

We will be offering 9 weeks of programming between now and Dec. 18th (no program the week of Thanksgiving) and it will be ideal to plan to attend all sessions in order to complete projects and build skills.

Beginning next week we will be offering the following:

Create your own Comic - Monday 4pm
Career Exploration - Wednesday 4pm
The Science of Super Powers - Friday 4pm

Let's Get Physical (fun exercise routines & fitness information) – Wednesday 5pm

Open academic support/homework help
Mon, Tues, Thurs, Friday - 5pm - Spanish available Monday & Friday

Students need to be registered for After School All Stars in order to participate. Please plan about 15 minutes to complete the form at this link:

<https://form.jotform.com/201815144835150>

Please reply to this email if you plan to register and we will make sure you receive the Zoom links and any further details.

We look forward to connecting with our e-learners and your registration will also hold a spot for your student for in-person programming if you choose to participate at a later date!

*After School All Stars is a free program
thanks to funding provided by:*

Thank you,

Laura Dye
