

ENGINEERING DESIGN AND DEVELOPMENT (EDD) SUMMER MISSION

Your mission this summer is three-fold to prepare for EDD.

FIRST

- Join the EDD Telegram Announcement Channel:
- <https://tinyurl.com/EDDtele>

SECOND

Get an Engineering Notebook

- You can use a standard composition book as you have in the past.
- You can also purchase a professional Engineering Notebook but it must arrive before school starts.
 - Example of Professional Online Notebook: <http://goo.gl/p2yCHd>
- If using composition notebook set up 1st 50 pages using proper formatting, including signature, title blocks, page numbers, table of contents.
- All notebooks set up last 2 pages from the back for contacts & 6 more pages for references.

Add my contact information:

- C1. Mrs. Susan Gerena
Email: Susan.gerena@hcps.net
Telegram @sgerena

Add this reference template:

- R1. Name of website (web address) what did you find there? Date accessed

THIRD

- Come up with 100 problems you want to solve.
 - Use the prefaces "Don't you hate it when..." And/or "Don't you wish you had..."
- select the top 6 problems you think are solvable.
- Research any existing solutions and document.
- Do internet searches relevant to your idea, be sure to note the search terms used.
- Note the results if you find anything existing.
- Include APA citation in the reference section.
