

# LMC Newsletter

October 2022

## MyON

Most of our student have finished setting up their MyOn for this school year and now have a Star Score. This is what students use to choose books within their Target Reading Range. Most of our students know how to do this. When they read in their range and do well on the book quizzes, their Star Score increases.

## Roundtable

Our 2nd inservice for the year is:

MyON – Reports/Student Data

**Wednesday, October 12, 8:15am,** Library Media Center

Inservice points assigned

## Book Clubs – read, listen, speak, think

There are two opportunities for all students to join a book club. – Bulldog Book Club and the Dewey Diner Book Club.

The Bulldog Book Club meets every Thursday after school in the library. It ends around 5:30.

Students choose the book they read and determine how much they will read each week. We use the round table method so that everyone shares their thought, opinions, questions about the book, about their connections with the story, and about the comments of the others in the club.

Our current book is The Red Umbrella by Christina Diaz Gonzalez. We will have the book finished by the Christmas break. Then, we'll be selecting our next title.

The Dewey Diner Book Club meets once a month during all lunches in the library. Students choose their own book to read from a specific section of the Dewey Decimal nonfiction collection. This month we all read a book from the 200s. In November we will be reading books from the 300s.

Students receive a Dewey button when they sign up and check out. I'll send out a reminder to all period 4 teachers the day of the meeting.

The next Dewey Diner meets on Monday, November 7.

The club is always opened for new members. Listen to Library News every Wednesday for continued update.

## Focus for November: Star Scores

### Canvas

There is a Library Media Center Canvas page.

Students will need to accept the invitation in Canvas in order to access this course.

### Calendar

Outlook Calendar – this calendar is now for scheduling all computer labs and the library media center.

Simply look at the calendar, see what days are available, and email your request(s).

### Webpage
