YOUR ELECTIVES CHOICES

Please choose 8 electives in order of preference (#1 being your first choice) from the list on the back. Be sure to pick both full year and semester courses. Students may not get all available electives and are encouraged to fully complete this form to provide alternates to their primary options. Not all choices will be part of your schedule; some may be alternates.

Newsome High School's Advanced Placement Notification

All students who want to enroll in an Advanced Placement course at Newsome High School **MUST** read and sign below.

- The course(s) will be challenging, and students will be expected to produce work that is held to a higher academic standard; it is incumbent upon the student to work harder to raise a low grade.
- Any student who requests an AP class will not be granted a schedule change because they changed their mind, want a different elective, or wish to take the course on FLVS.
- A schedule change will not be granted because of teacher preference, low grades, difficulty, being over-scheduled, or because the class is too demanding.
- Students are expected to take the AP exam in May/June and will be charged for the exam (\$40 approx.) if they do not have a College Board approved reason for missing the exam.

NHS Cambridge AICE Program

Newsome High School's Cambridge AICE Program is strategically designed to provide students with a strong foundation in AICE thinking and writing before students are eligible to engage in our full AICE catalogue.

All 10th graders who would like to participate in the Cambridge AICE Program at Newsome, **must** take both **AICE Thinking Skills** and **AICE General Paper** in their first year with the AICE program. Students should list AICE Thinking Skills and AICE General Paper as their first and second elective choices in the boxes above. There are no set pre-requisites, however Newsome High School highly recommends a background in Algebra 1 for AICE Thinking Skills and a minimum of Level 2 Reading for AICE General Paper.

10th graders who would like to pursue the AICE Diploma Track must also take AICE International History and AICE Environmental Management (only if the student has already taken and passed Biology).

How AICE Fits in a Schedule

(Selecting AICE Courses is not always a replacement for Core Graduation Requirements. AICE Courses do take the place of possible elective periods. Please refer to the **SAMPLE** below to see how AICE can be worked into a schedule.)

ENGLISH	English 2 OR English 2 Honors
MATH	Placement based on prior academic history.
SCIENCE	AICE Environmental Management
SOC. STUD.	AICE International History, World History OR World History Honors OR AP World History
AICE	AICE General Paper
AICE	AICE Thinking Skills
ELECTIVE (s)	Suggested: World Language L2, Performing Arts, HOPE

Hillsborough County Schedule Change Policy

Valid reasons for a schedule change may include counselor or computer error, failing a required course, passing a course in summer or night school, lacking a grad requirement, and lacking proper prerequisite. Schedule change requests will not be considered for the purpose of teacher preference. A change request may require the entire schedule to be altered, including teachers and periods. Once a schedule has been changed, it cannot be changed back to the original schedule.

I am aware of the programs offered to my child at Newsome High School, and I agree with his/her choices as indicated. I have also read and understand the schedule change policy listed above.
