Newsome High School's Advanced Academics Notification

All students that want to enroll in an Advanced Academic course at Newsome High School MUST read and sign below.

- The course(s) will be challenging, and students will be expected to produce work that is held to a higher academic standard; it is incumbent upon the student to work harder to raise a low grade.
- Any student who requests an AP class will not be granted a schedule change because they changed their mind, want a different elective, or wish to take the course on FLVS.
- A schedule change will not be granted because of teacher preference, low grades, difficulty, being over-scheduled, or because the class is too demanding.
- Students are expected to take the AP exam in May/June and will be charged for the exam (\$40 approx.) if they do not have a College Board approved reason for missing the exam.

Hillsborough County Schedule Change Policy

Valid reasons for a schedule change may include counselor or computer error, failing a required course, passing a course in summer or night school, lacking a grad requirement, and lacking proper prerequisite. Schedule change requests will not be considered for the purpose of teacher preference. A change request may require the entire schedule to be altered, including teachers and periods. Once a schedule has been changed, it cannot be changed back to the original schedule.

I am aware of the programs offered to my child at Newsome High School, and I agree with his/her choices as indicated. I have also read and understand the schedule change policy listed above.
