Dear Parent or Guardian,

Hillsborough County Public Schools is excited to continue our partnership with Panorama Education. Panorama works with 11 state agencies, 1,500 districts and nearly 12,000 schools across all 50 states to collect and act on stakeholder voice, supporting over 12 million students. With a focus on social-emotional learning (SEL), Panorama partners with districts to build supports for the whole child.

By continuing to work with Panorama, our district will continue to have access to a powerful online platform to help us share and act on data. We are excited to provide our educators and schools with a research-backed survey to support student's social, emotional, and academic needs.

The spring survey window will begin February 7, 2022, and close on March 11, 2022. All students in grades 3-12 will be asked to participate in the survey. Students will self-reflect on topics such as Growth Mindset, School Climate and Culture, Social Awareness, and Teacher Student Relationships. Their responses will provide invaluable insights into their experiences and how we can improve and adapt our district to support their needs.

The Panorama platform will also include an online "Playbook" of lessons for teachers. These lessons will help support our students in the classroom with skills such as goal setting, decision making and conflict resolution.

We are excited to continue our partnership with Panorama Education and look forward to supporting our students' social, emotional and academic development.

If you do not want your student to participate or have questions about the survey, please contact our Panorama site coordinator at: (orlando.goodwin@hcps.net, 813.631.4426)

Respectfully,

Invest in Children!

Orlando Goodwin
