

# Volunteers Needed!

Barrington is excited to be the new home for the Seeds of Hope program, Backpacks of Hope. This amazing organization provides identified students with a backpack of food to take home for the weekend. There are currently twelve local schools that benefit from this program.

We are looking for adult volunteers to help once or twice a week to either coordinate food orders, pick-up/drop-off groceries, deliver backpacks to schools, and/or supervise our student volunteers while they pack the bags. Please consider volunteering to this amazing cause. Any help would be appreciated!

If you are interested or have any questions, please email: [info@sohopefl.org](mailto:info@sohopefl.org)
