## **Winter Sports Finale**

The RVHS Hockey team finished off the season 11-9-1. Senior, Josiah Parshad said, “I would rate the season an 8 because of all the great moments I was able to have with my teammates as well as a good record however we were unable to make a deep run in the playoffs”. Playoffs didn't go as planned with a close 6-7 loss to the Newsome Wolves. Parshad explained “Senior night somewhat met my expectations as we had a fair amount of students show up to support which was awesome however the final score 6-7 was not what we were hoping for...” As the hockey seniors go on to new endeavors after graduation, who will lead this team in the future? Parshad answered “I believe we have many up-and-coming leaders of the team as we had few seniors graduate 2 of which are Jonathan Terho who will lead the offense and Sam Laverty as well as Xander Chadwell who will be crucial in leading the defense and we must build our team around.”
