## Sharks Take on the Ice

Senior, Josiah Parshad (right winger), recounts his time on the RVHS Hockey team, "My favorite memory this year was playing against my good friend I had known since middle school, and the stakes were high every time we stepped on the ice and the competition was through the roof as we both fought for both the puck and our dignity and it was a blast for me as we walked away with the win, my friend not so much. My favorite game I played was my sophomore year which I scored my first high-school hat trick and even ended with a bonus of breaking the refs collar bone. Although this is an insane stay line the ref was right on the boards as I rammed a player into him causing him to fall to the ground. Given the absurd circumstances of this game's it was by far my favorite game I have played." Junior, Dominick Villagran, plays left wing. He says his favorite memory was "Beating Newsome 4-3 this season. By: Alicia Burnett
