## **Theatre Prevails Victorious**

Riverview's Theatre Program celebrated many victories this past weekend. Thursday and Friday they attended the District One-Act Festival and performed a section of their fall play. The show received exceptional feedback from audience members and the adjudicators. Along with receiving the highest rating of Superior, the crew was selected as one of the top five schools. They will go on to present their One-Act at the Florida State Thespian Festival in March. The milestones continue for the theatre program as this was the first time any students have competed in the One-Act Festival and the first time in ten years Joie Marsh has directed a One-Act for competition.
