

# SHARK ACKNOWLEDGEMENTS

Our Riverview High School student's hard work in high school to prepare for college has paid off. 24 of our students below were recognized by the *College Board National Recognition Programs* for academic achievements in school and on assessments. At a time when it's becoming increasingly hard for students to be "seen" during the college recruitment process, we're celebrating our students who are at times overlooked but have shown outstanding academic abilities. For students planning for life after high school, the award is an opportunity to get recognized by colleges that are actively looking for diverse talent.
