

Rodgers Middle Magnet School

A Cambridge International School

Rodgers is a Cambridge International School. This means, in addition to teaching the students the Florida Standards in each course, the students at Rodgers are engaged in learning with a strong emphasis on critical thinking, analysis, interpretation, writing and collaboration. We also focus on the learner attributes identified by the University of Cambridge as key factors for future success. These qualities include:

▶ What are the Cambridge Learner Attributes

- ▶ Confidence
- ▶ Responsibility
- ▶ Reflection
- ▶ Innovation
- ▶ Engagement

- ▶ Helping our student develop these attributes in addition to engaging in critical thinking, analysis, interpretation, and collaboration while learning the Florida Standards will set them up for future success.
