

ROLAND PARK K-8

EXTENDED LEARNING PROGRAM

We are excited to begin the ELP (Extended Learning Program) for all of our MYP students! The ELP program is used in many different ways to support the academic success of students in any grade level. The program is geared to assist students with academic support in both Math and ELA. Along with our Lunch & Learn Program, the morning ELP sessions will provide another opportunity for our students to grow academically and reach their highest potential. Whether students need help with homework, classwork or just need a lesson review, they will have that opportunity in ELP.

ELP will run from February, 23rd to April, 15th

Please see the scheduled days for ELP below

Transportation is not provided for the ELP. Students will enter the Main Office no earlier than 7:25.

Tuesdays 7:30 -8:15 Mathematics

Wednesdays 7:30-8:15 English Language Arts

Thursdays 7:30-8:15 Mathematics
