## A Magnet Program

### Have You Heard...

Walker Middle Magnet is an International Baccalaureate (IB) World School offering the Middle Years Programme for grades 6-8. Our mission is equipping globally-minded students to think, collaborate and act with care. Our vision is empowering students to take what they have learned and make the world a better place.

Walker's IB learners strive to become inquirers, knowledgeable, thinkers, communicators, principled, openminded, caring, risk-takers, balanced and reflective. These attributes represent a broad range of human capacities and responsibilities that go beyond intellectual development and academic success.

The International Baccalaureate Middle Years Programme at Walker Middle Magnet provides a framework of learning that encourages students to become creative, critical and reflective thinkers. The Middle Years Programme emphasizes intellectual challenge, encouraging students to make connections between their studies in traditional subjects and the real world. It fosters the development of skills for communication, intercultural understanding and global engagement..
