WELCOME SEPTEMBER

Howdy Howdy and Welcome to September!

We have started progress monitoring (baseline testing) for 8th grade science, Civics, Reading and Math. These tests give us a starting point for supporting our students as well as to show us what students know now.

With this data, we will plan tutoring and small groups to support student learning. This is a great time to check your student's grades on Canvas and to seek additional support and resources from your student's teachers.

This is a great time to discuss note-taking skills and study skills with your child. We are excited about watching your children grow academically.
