Acceptable Calculators

The following calculators are acceptable for use on the Math Test – Calculator. Only this test permits the use of a calculator (unless a student has an approved accommodation). This list doesn't include every calculator model. **Call PSAT 8/9 Support if you aren't sure about a calculator that's not on this list.**

- All scientific calculators, which can perform complex mathematical functions but don't have a graphing feature, are acceptable as long as they don't have any prohibited features given under Unacceptable Calculators.

- All 4-function calculators are acceptable but not recommended.
- Graphing calculators included in the following table are acceptable.
