

ALUMNI

Spotlight

Program:
Barbering

Current Employer:
Moetowns Barbershop

How was Erwin different from other schools?

Unlike other barbering programs, Mr. Troupe, the Barbering Instructor, spoke to us about more than barbering techniques. He talked to us about business, marketing, and investments. Those three things alone have helped me scale fast as a barber.

How did Erwin prepare you for your career?

It set the foundation for me to be successful. When I got into the barbershop it didn't feel new. I was exposed to everything I would deal with because I dealt with it at Erwin.

What are some of your career highlights?

Some career accomplishments that I have met are cutting over 5 thousand clients and hitting 6 figures my first year out of barbering school.

What is one thing that future students should know about Erwin?

Erwin is a great school, and it will get you ready for your career if you focus and allow the teachers to mold you.

KEVIN TRAMEL
