

Scholarship information sent from *District Bilingual School Counseling Services*:

Sharing information on a wonderful scholarship that is open to **ALL** students including our resilient Dreamers! This scholarship will award 5 seniors with \$1000 to fuel their academic dreams! I want to emphasize this scholarship being open in particular, to the undocumented student population as we know they don't have access to state aid and rely heavily on private scholarships. Thank you kindly for spreading the word and sharing with your respective groups!

The extended deadline is Dec 26th.
