

# BRONCO BANTER

OCTOBER 1, 2021

Recently we celebrated "Start with Hello Week" here at Mary Bryant. It was an opportunity for everyone on campus to put their best self forward and show their friends and teachers how much they care for each other. We are asking the entire Bryant community to follow the lead of the children. As we continue to navigate these changing times, your patience and support are greatly appreciated. Please understand that teachers, administrators, and all the support staff here at Bryant strive to provide your child a safe learning environment. We are all in this together.

## Volunteers

The district is now allowing essential volunteers on campus. Please make sure you are prepared to come onto campus by filling out your Volunteer Form. You can find the form by clicking on the following link:

## COVID UPDATE

Please continue to notify us at 813-356-1645 if your student was exposed or had close contact with a COVID positive individual in your home or community. Symptomatic students need to stay home. Please use the following COVID-19 Student Screening Questionnaire daily and especially after a known exposure.

1. Have you experienced any symptoms of COVID-19 within the last 48 hours?
2. Have you tested positive for COVID-19 in the past 10 days?
3. Are you currently awaiting results from a COVID-19 test?
4. Have you been diagnosed with COVID-19 or been told that you are suspected of having COVID-19 by a licensed healthcare provider in the past 10 days?

If you answered "Yes" to any of the above questions, please do not send your student to school or any school sponsored activity and contact a medical provider.

## Developing Student

### Independence

When you drop off a forgotten student item please consider the learning time lost getting the item to your child. We promise the student will not go thirsty nor hungry, and teachers understand if an occasional homework assignment is handed in late. You may also pack a sweatshirt in the students backpack for the cooler days. Thank you for your understanding.
