Online/Virtual Course	At least one course must be completed through online learning.																																								
Minimum Credit Requirement	24 credits, 2.0 G.P.A.																																								
Advanced Placement (AP) Student Contract:																																									
<p>All students that want to enroll in an AP course MUST read, initial and sign below.</p> <p>_____ 1. I will be expected to complete summer reading assignments/projects and failure to do so will not result in a schedule change.</p> <p>_____ 2. The course(s) will be challenging, and I will be expected to produce work that is held to a higher academic standard; it is incumbent upon me to work harder to raise a low grade.</p> <p>_____ 3. A schedule change will not be granted because of teacher preference, low grades, difficult or over-scheduled, or because the class is too demanding.</p> <p>_____ 4. I am expected to take the AP exam in May, and understand I will be charged for the exam if I do not have a College Board approved reason for missing it.</p>																																									
Student Signature _____		Date _____																																							
Parents: Your signature below indicates that you have reviewed your student's AP Course selections, and you understand and agree to the aforementioned guidelines.																																									
Parent Signature _____		Date _____																																							
<p>Do you plan on playing sports in college? Yes No</p> <p>College Admission Requirements: Minimum state requirements do not necessarily prepare you for college. Most universities require a minimum of 4 credits of English, 4 credits of Mathematics, 3 credits in Science, 3 credits in Social Science and 2 credits in Foreign Language, and a 3.0 G.P.A or higher.</p> <p>GPA Bonus Points: If students receive a "C" or higher in a honors class they will receive .04 per ½ honors credit, .08 per ½ credit for Dual Enrollment and AP.</p>																																									

Schedule Change Policy

Student course selections impact the hiring of teachers and the purchasing of textbooks and other resources. In addition, core classes are limited in size by state law. Therefore, adjustments to schedules will be limited as follows:

1. Schedule change requests for core academic courses must be made within the first 5 days of school.
2. Valid reasons for schedule changes include: error, programming: failing a prerequisite course, passing a course in summer, missing a requirement for graduation, or not having the proper prerequisite.
3. **Elective changes will not be honored due to teacher unit allocation.**
4. Changes will not be considered for teacher preference including "teaching style."
5. Failure to complete summer reading or assignments does not constitute a valid reason for a schedule change.

I am aware of the programs offered to my child at Sickles High School, and I agree with his/her choices as indicated. I have also read and understand the schedule change policy. Course descriptions and graduation requirements can be found on the Sickles web page at <http://sickles.mysdhc.org>.
