Continuous Notification of Nondiscrimination

Pursuant to Title VI, Title IX, Section 504/Title II and other civil rights regulations, the School District of Hillsborough County does not discriminate nor tolerate harassment on the basis of race, color, ethnicity, national origin, religion, gender, gender identity, sexual orientation, age, disability, marital status, genetic information or pregnancy in its educational programs, services or activities, or in its hiring or employment practices; and it will take immediate action to eliminate such harassment, prevent its recurrence, and address its effects. The District also provides equal access to its facilities to the Boy Scouts and other patriotic youth groups, as required by the Boy Scouts of America Equal Access Act.

The following person has been designated to handle inquiries regarding the nondiscrimination policies:

Dr. Pansy Houghton, Executive Officer, Compliance
901 East Kennedy Boulevard
Tampa, FL 33602
(813) 272-4000
pansy.houghton@sdhc.k12.fl.us

The guidelines and procedures in this manual have been acted on by the School Board of Hillsborough County, Florida, and may by request through the administrative staff, be reviewed by the Board for change, waiver, or special dispensation.

No person in the United States shall on the basis of sex or race be excluded from participation in, be denied the benefits of, or subjected to discrimination under any education program or activity receiving federal financial assistance.

Each school and his or her parent(s), guardian(s), and staff personnel should read all sections of this handbook. This handbook will attempt to clearly define Hillsborough County School’s adopted policies and procedures for all Co-Curricular activities. This handbook will be reviewed annually. Congratulations on being a part of the vibrant and educational community within Hillsborough County Public Schools.
Title IX and Inappropriate Sexual Behavior – What Students Need to Know

Title IX of the Education Amendments of 1972 is a Federal law that prohibits discrimination based on sex (including sexual and gender-based harassment and sexual violence) in education programs or activities that receive federal financial assistance. Academic, educational, extracurricular, athletics, and other programs sponsored by the school or Hillsborough County Public Schools are included.

Specific to athletics, Title IX requires that females and males be provided equal treatment and equitable opportunities to participate in sports.

It is the responsibility of Hillsborough County Public Schools to protect students from all forms of inappropriate sexual behavior and sex discrimination, including those incidents that meet the definition for sexual harassment and/or sexual violence as defined by Title IX. Traditions or initiation practices utilized by school athletics teams, clubs and other organizations may involve words or actions of a sexual nature. As a result, the behavior may be classified as sexual harassment or contribute to the creation of a hostile environment.

Inappropriate sexual behavior and gender-based harassment may include:

- Unwelcome touching
- Sexual comments/gestures that create an uncomfortable environment
- Catcalling
- Spreading sexual rumors
- Sexually explicit drawings, pictures, or written materials
- Using sexually-charged names
- Circulating or showing web sites, emails, or texts of a sexual nature (including cyberbullying)
- Verbal and nonverbal intimidation or hostility based on sex-stereotyping

If you experience or witness sex discrimination, inappropriate sexual behavior and/or sexual harassment, report it to a trusted adult, administrator, school counselor, school psychologist, school social worker, or school nurse. Student to student, employee to student, student to employee and employee to employee interactions as defined above should be reported. Remember if you see something, say something.

After a report is made, school personnel will conduct a prompt, thorough, and impartial investigation to determine what occurred and identify steps to resolve the situation. They also
will take steps to protect the victim from further sexually inappropriate behavior and retaliation. Remedies and interventions, such as counseling and/or student training, may be implemented to support the students involved. Disciplinary consequences and, depending on the severity, a recommendation for Change of Environment also may be triggered as a part of the investigation.
**ARTICLE I**

**PLATFORM STATEMENT**

Music is historically and socially significant in our global culture. It is an innately human activity that not only connects the processes occurring in separate hemispheres of the brain, but encourages the growth of creativity while enhancing executive function and higher-order cognitive skills. Participation in structured formal music activities provides a primary means to develop habits, attitudes, and ideals requisite to ethical and effective cooperation in a free society. Music has a powerful appeal for young people during their formative years as it furthers the harmonious development of our youth. Music also provides constructive and wholesome leisure time activities for our citizens and youth. Musical experiences should be offered to all students in the schools of Hillsborough County.

**PRINCIPLES OF CO-CURRICULAR PROGRAMS**

1.1 To fully use the potential in music for educational experiences, co-curricular programs are organized and conducted in accordance with these six basic principles:

- **A.** Co-curricular programs are regarded as integral parts of the total educational program and should be conducted so that they are worthy of such regard.

- **B.** Co-curricular programs supplement rather than serve as substitutes for basic physical education programs, physical recreation programs, and intramural athletics programs.

- **C.** Co-curricular programs are subject to the same academic opportunities as both the core curricular and athletic extra-curricular programs.

- **D.** Personnel with adequate training in the principles of music education will conduct co-curricular music programs.

- **E.** The welfare of the participant should be placed above any other consideration. What happens to the student musicians who participate in co-curricular music programs is of primary importance. Their welfare should transcend any other consideration. Success is highly desired, important, and should be sought, but not at the sacrifice of other values concerned with the development of the participants.

- **F.** Co-curricular programs are conducted in accordance with the letter and spirit of the rules and regulations of appropriate district, state, national music associations, and the policies of Hillsborough County Public Schools.
ARTICLE II
PURPOSE OF THIS GUIDE

2.1 The purpose of this guidebook is:

A. To establish common understandings among administrators, teachers, parents/legal guardians (as defined by Florida Statutes 744.102), and students of the policies and procedures which guide the programs of co-curricular activities in Hillsborough County.

B. To serve as a basis for a periodic reevaluation of the co-curricular program.

C. To provide, in writing, a statement of basic policies and procedures for reference when desired.

D. Guidance and Management of Co-curricular Programs:

In an effort to provide consistent management and control in carrying out those procedures set forth in the “Co-curricular Program Guidebook of Procedures”, the following recommendation will serve as a guide for school administrators in reviewing violations by school personnel after all circumstances surrounding the violation have been reviewed.

The principal of the school is responsible for all matters pertaining to the co-curricular and extra-curricular programs. In an effort to maintain consistency within the district, the procedure outlined below should be followed:

First Offense:
- Verbal warning
- Written reprimand, if deemed necessary

Second Offense:
- A letter of reprimand in director’s file
- Reflected on director’s evaluation

Third Offense:
- Administrative hearing
- Any other actions that are deemed necessary, which may include but not be limited to, suspension, possible loss of compensation, or termination from teaching
ARTICLE III

Student musicians must adhere to the dress code policy of Hillsborough County Public Schools at all times.
ARTICLE V
HEAT ACCLIMATIZATION FOR OPERATION OF CO-CURRICULAR PROGRAMS
IN HILLSBOROUGH COUNTY PUBLIC SCHOOLS

5.1.1 Heat Acclimatization
A. Heat illness is a cause for concern for high school student-performers beginning pre-season practices/rehearsals in the warm, summer months and other times of extreme heat. The most serious heat illness, exertional heat stroke, is one of the leading causes of preventable death in these students. Heat production during intense exercise is 15 to 20 times greater than at rest and can raise body core temperature one to two degrees Fahrenheit every five minutes unless heat is dissipated. The following provides guidelines and procedures for conducting preseason practices, rehearsals and camps to insure the well-being of student-performers.

B. Required Training for all Band Directors and Staff Members. As per Policies 40.1.1, 41.1 and 42.1.1, all student-athletes-band-ROTC are required to watch the following Free NFHS Learn courses annually.

C. Intent - The intent of this section is to require all schools to follow a preseason acclimatization and recovery model for all outside activities that enhances student-performers well-being. The guidelines also requires individuals and schools to select and promote a method of environmental monitoring to be used outside the acclimatization period and comply with standard recommendations for practice modifications, for the safety of the student-performer.

1. These guidelines provide general regulations for conducting preseason practices, rehearsals, and camps for secondary school-age student performers and to provide recommendations for student safety.

2. These guidelines should be applied before and during the academic year to ensure the students arrive with and maintain adequate marching-specific conditioning.

3. Band Directors and Staff Members using these guidelines are responsible for prudent judgment with respect to each practice, student and facility and each student is responsible for exercising caution when following these general requirements.

D. Rationale - The recommendation of the NFHSA Sports Medicine Advisory Committee (SMAC) and the National Athletic Trainers’ Association’s (NATA) Secondary School Committee, that all marching arts activities use acclimatization and recovery principles to develop their preseason practice and rehearsal schedules for the purpose of enhancing the student performers well-being, is based on the following: The primary focus of the preseason period should be to provide an adjustment period to the intensity and duration of exercise and environmental conditions. These procedures are based upon medical literature. Careful consideration should be given to the various levels of fitness in the high school student-performer.

E. Definitions

1. Practice - Practice is defined as one continuous period of time in which a participant engages in physical activity whether inside or outside. It is required that each practice be no more than three hours (3 hours) in length. Warm-up, stretching, and cool-down activities are to be included as part of the official practice time.

2. Rehearsal - A rehearsal is defined as a music only segment that takes place indoors and should not exceed more than three hours (3 hours) in length. Sectionals may or may not be included in this segment at the discretion of the director.

3. Acclimatization Period - The acclimatization period is defined as the first days of a student-performers’ participation at band camp or the first day a student begins practice. All student-performers, including those who arrive to band camp after the first official day of practice, must adhere to the safety precautions afforded by this acclimatization policy. This period does not restrict a students’ availability to participate in a contest but does restrict the amount of total hours a student can participate on a daily and weekly basis.

F. Defining Heat Related Illnesses (Heat Cramps)

1. Signs and Symptoms
   a. Occurs when sweating depletes the body’s salt and moisture levels when sweating depletes the body’s salt and moisture levels

   b. Remove outer clothing
   c. Cool the victim with cool water
   d. Circulate air around the victim to speed cooling
   e. Place cool wet cloth on the head, neck, armpits, and groin area
G. Walk-Through - A walk-through shall be defined as an additional teaching/learning opportunity for student-performers and directors. The duration of any walk-through must not exceed one hour in length. A walk-through may occur on a day of a practice or rehearsal.

H. Procedures
1. Recommendation: Prior to participation in any preseason practice activities, all student-performers are highly suggested to undergo a Pre-Participation Physical Evaluation.

2. The student and parent or legal guardian, duly appointed by a court of competent jurisdiction, must submit medical release forms provided by the Supervisor of Secondary Music prior to any student starting band camp.

3. Students at band camp should not be outside for more than 3 hours or between the hours of 12 p.m. and 4 p.m.

4. If a practice session is interrupted by inclement weather or heat restrictions, it is required the session be divided for the good of the student-performer’s welfare as long as the combined total practice time for that session does not exceed three (3) hours. The addition of a walk-through session in this situation is acceptable provided it is added because of a weather-related disruption and occurs inside an air-conditioned facility.

5. A walk-through is permitted during Days 1 – 5 of the acclimatization period. However, a one-hour recovery period is required between the end of practice and the start of the walk-through or vice-versa.

6. Band Camp Recommendations: the first two (2) days of camp are suggested to teach students marching fundamentals and drill without instruments and students may be outside or in a climate controlled facility at the discretion of the director (with frequent water breaks), days 3-4 instruments should be added and students should start being acclimated to outside environments if the gym was utilized for the first two days. Student-performers who begin practice with a band after the start of practice will be required to follow this same 4-day procedure.

7. Band Camp should consist of a Rehearsal (not to exceed 3 hours) and a Practice (not to exceed 3 hours) with at least an hour of rest in between the two activities. One walk-through session may be added to a day with a single practice session, with a minimum of three (3) hours of continuous rest time between the practice and walk-through. Band Camp may include meal times and team bonding activities.

8. On days when two practices are conducted, it is required that either practice not exceed three (3) hours in length and student-performers not participate in more than five (5) total hours of practice activities on these days. Warm-up, stretching, and cool down activities are included as part of the practice time. Practices must be separated with at least three hours of indoor time between the end of the first practice and the beginning of the very next practice. A walk-through is not permitted on days that have two (2) practices. Weekly practice time shall not exceed fifteen hours.

9. On days when a single practice is conducted, it is required that practices not exceed three hours (3 hours) in length. A walk-through is permitted after a break between the end of the first practice and the walk-through, or vice-versa. All practices/rehearsals will be prohibited between the hours of 9:00 p.m. through midnight and midnight through 6:00 a.m.

10. On competition days, marching bands may ONLY have a combined 3 hours of practice and rehearsal with a walk-through.
I. Written Practice/Rehearsal Plans - A written practice and rehearsal plan in compliance with these procedures shall be prepared in advance by the band director prior to every practice/rehearsal and maintained by the band director and kept for a period of 6 months. Such practice plans shall be made available upon request.

J. Adaptive Outside Co-Curricular and Extra Curricular Guidelines
IDEA 2004 requires that students with disabilities receive adaptive outdoor services, specially designed if necessary. If a student has a disability and an IEP, the school will provide accommodations as part of the student’s education program.

Directors need to be aware of any student health concerns. Directors will provide modifications (VIA: IEP/504 plan) with the guidance of a paraprofessional to ensure the student is engaged in the educational process through the accommodations provided.

Many students with disabilities can safely and successfully participate in general Co-Curricular and Extra Curricular activities, with or without accommodations and supports. However, some children benefit from socially designed or adapted physical education. Content in adapted Co-Curricular and Extra Curricular activities should mirror the general education curriculum to the greatest extent possible.

Each Next Generation Sunshine State Standard has three modified versions written as Access Points. These Access Points cover the spectrum of higher-functioning students with disabilities to higher needs students with disabilities, and are written as “Independent”, “Supported”, and “Participatory.”

K. UV Index Scale

The Shadow Rule

An easy way to tell how much UV exposure you are getting is to look for your shadow:
• If your shadow is taller than you are (in the early morning and late afternoon), your exposure is likely to be lower.
• If your shadow is shorter than you are (around midday), you are being exposed to higher levels of UV radiation. Seek shade and protect your skin and eyes.

L. Return to Co-Curricular and Extra Curricular Activities
If a student has experienced a heat related illness a doctor’s note will be required for the student to return back to marching band.
ARTICLE VI
DESCRIPTION OF TERMS FOR
MARCHING BAND AND BAND AUXILIARY PROGRAMS
IN HILLSBOROUGH COUNTY PUBLIC SCHOOLS

6.1 Participants in the programs listed below must be registered students in Hillsborough County Public Schools. Middle School Students (Grade 6-8) cannot participate in any activity associated with High School. (Grade 9-12).

A. Marching Band - Participants are students registered for a music course who perform on musical instruments while executing body movement (Marching/Standing and Playing). Marching Bands typically perform, but are not limited to, parades, sports events, pep rallies, and community celebrations.

B. Band Auxiliary - Participants are students that audition for the visual ensemble that compliments and performs with the marching band. This visual ensemble includes, but is not limited to, flag corps (color guard), dancers, majorettes, rifle (mock) team, saber team, and pom-pom squad. It should be noted that these ensemble groups are not affiliated with the cheerleaders or JROCT organizations. Band Auxiliary ensembles are typically an extension of the Marching band program. Also, Eurythmics is offered at some high schools as a band auxiliary class.

C. Winter Guard - This activity is an indoor event that uses a combination of flags, sabers, mock rifles, miscellaneous equipment, as well as dance and other interpretive body movements. A heavy tarp like material is placed on the gymnasium floor for staging and to protect the floor's surface. Performing and competing occurs in the spring semester. In the event a school does not offer this activity for participation, students may petition to participate a school that does offer this activity provided the music director and administration from both schools grant petitioners permission to audition for the activity.

D. Indoor Ensembles - Students must be registered for a music course and perform on a musical instrument. These ensembles usually rehearse and perform indoors in an auditorium/cafeteria/gymnasium setting. Occasionally, indoor ensembles may hold an outdoor performance, but they do not perform in the same capacity as the marching band. These ensembles include, but are not limited to, concert band, percussion ensemble, jazz band, pep band, brass ensemble, and woodwind ensemble.

E. Indoor Drum Line - Students must be registered for a music course and perform on percussion instruments. This consists of battery (marching percussion equipment) and front ensemble instruments (concert percussion equipment). This event differs from traditional percussion ensembles because it includes visual performance and movement like the winter guard and competes in the spring semester. This activity uses a tarp-like material that is placed on the gymnasium floor for staging and to protect the floors surface. In the event a school does not offer this activity for participation, students may petition to participate a school that does offer this activity provided the music director and administration from both schools grant petitioners permission to audition for the activity.
ARTICLE VII

POLICIES AND REGULATIONS FOR OPERATION OF MARCHING BAND AND BAND AUXILIARY PROGRAMS IN HILLSBOROUGH COUNTY PUBLIC SCHOOLS

7.1 Marching Band and Band Auxiliary programs.

A. Differentiation of Key Terms

1. Practice - a practice is defined as time spent outdoors, as a section or full ensemble, engaged in the physical activity of marching (i.e. learning/cleaning drill, fundamentals block, marching sectional)

2. Rehearsal - a rehearsal is defined as time spent indoors, as a section or full ensemble, engaged in the repetition of performance fundamentals and musical elements

3. Walk-Through - A walk-through shall be defined as an additional teaching/learning opportunity for student-performers and directors. The duration of any walk-through must not exceed one hour in length. A walk-through may occur on a day of a practice or rehearsal (i.e. walking through drill sets without instruments).

B. Hours - Both rehearsal and practice time will not exceed three hours each. All practices/rehearsals will be prohibited between the hours of 9:00 p.m. through midnight and midnight through 6:00 a.m. A maximum of three (3) hours of combined rehearsal and practice time will be allowed per school day. On non-student days, activities should not exceed three (3) hours of rehearsal AND three (3) hours of practice, with a one (1) hour allotted time for a walk-through. NOTE: Bye weeks and available Friday evenings are considered academic days and must adhere to the 3-hour practice maximum.

C. Breaks - During practice, for every 25 minutes of activity, participants should be allotted 5 minutes to get water AND find shade.

D. Summer Rehearsals - Band Camps will not begin prior to three weeks before the first official student day. Each day shall not exceed the allotted hours of a non-student day. Prior to the beginning of band camp, one (1) rehearsal each week is permitted. Icebreakers/mini camps for the purposes of preparation and planning are permissible for up to one week after the end of the school year.

E. Clearance from Home Campus - All students wishing to participate in marching band must have completed the official medical release in Home Campus.

F. Physical Examination - It is highly recommended that every student participant receives an annual physical examination prior to participating in marching band activities.

G. Football Jamboree – This is an optional event for marching bands. All paperwork must be completed before students can participate. Note: no bus funding will be allocated for this pre-season event.

H. Pre-Game Ceremony - Pregame ceremonies will begin ten minutes before the scheduled start of a contest and are limited to five minutes in duration. Pregame ceremonies will include the National Anthem. The National Anthem will be played only as a part of the pregame ceremony by one ensemble (a combined band is allowed). The Alma Maters may be played only during the pregame ceremony. NOTE: Before the Pledge of Allegiance and the performance of the National Anthem and Alma Maters, a proper announcement should be made over the public
address system asking the audience to stand. All band members must be clear of the field by the expiration of time on the pre-game clock.

I. Half-time - Both Hillsborough County bands (host and visiting) will have the opportunity to perform during the half-time period at all football games. Out-of-county bands can be invited using FSMA criteria. There will be a 17-minute half-time period that will not begin until the playing field is clear of all non-band personnel. Each band will be allowed a maximum length of 8½ minutes during half time.

NOTE: The host (home team) Band Director will be responsible of ensuring that the time of the half-time performance will not exceed 17 minutes. It will be the responsibility of the host band to cut its performance time if the visiting band exceeds its allotted time. Violation of the time schedule will be reported to the Director of Athletics and the Supervisor of Secondary Music by the administration of the host school. Copies of the letter indicating the infraction will be furnished to the visiting principal and to both band directors.

NOTE: Fines will be assessed due to bands not complying with time restrictions if flag thrown:

1st – Warning plus $50.00
2nd - $250.00
3rd - $500.00 and miss next away game

Special Note: The football teams will not enter the playing field or sidelines of the playing field until both bands have completed their performance. Warmup by the football team will be conducted beyond the end line of the end zone. An additional 3 minutes will be immediately started for the teams to warm up. All band performances and personnel shall clear the field and sidelines during this time.

M. Post-game - Postgame shows are permitted when agreed upon by both principals. Security should be of prime consideration when a postgame show is considered (Exiting of all bands will be accomplished without any activities other than an orderly march with cadence from drum.)

N. Homecoming - Homecoming festivities are at the discretion of the HOME band. It is the responsibility of the home director to contact the visiting band and provide them with performance details and options. Depending on distance and performance opportunities, attendance is at the discretion of the visiting band director. The visiting ensemble MUST be given an opportunity to perform under the time allocation of half-time performances (pre-game, half-time, or post-game).

O. Third Quarter Break - It is suggested that student participants be given the opportunity to rest during the quarter immediately following the half-time performance. This will serve as an opportunity for students to eat and hydrate. An exception to this will be if the band is provided a sufficient meal prior to the game and provided hydration throughout the duration of the game.

P. Playing in the Bleachers - Both ensembles should take opportunities to play in the stands. Each ensemble is allowed to play when their team is on defense. Exceptions to this rule: first down chants and touchdowns/PAT. Each band should be courteous to the other ensemble and not play at the same time. As a best practice, visiting bands should be given the option to play first at the end of the first quarter break, regardless of possession. Home bands will be given the same courtesy first after the third quarter break.
Q. Change of game - Varsity games will be scheduled on Fridays only. Exceptions may be made if approved by the Director of Athletics. When the official day of a game is moved to any day other than the originally scheduled day, it is at the discretion of the HOME band to determine band participation. Away Bands are NOT required to be present and will defer to the decision of the Home Band. It is the responsibility of the Away Band Director to reach out to the Home Director to determine participation.

R. The use of tobacco products by participants and instructors during practice, rehearsal, or performance time is prohibited.

S. Exam Week Restrictions
   1. No performances will be scheduled by HCPS during mid-term or final exam week until the entire exam schedule has been completed. The exception to this provision will be FHSAA scheduled games (i.e. playoff contests).
   2. Practice for all ensembles will be limited to two hours per day during mid-term and final exams.

T. Only bands, majorettes, dancerettes, color guards, auxiliary units, and drill teams will perform at half-time.

U. No football stadium lights will be turned out for pregame or half-time performance.

V. Chaperones are admitted with the team or band only and must be identified by the band director.

W. All members of the band and auxiliary units must have insurance coverage in the method determined by HCPS Safety and Risk Management.

X. Band Directors are responsible for identifying and implementing the 504 Accommodation Plan and the Individual Education Plan (I.E.P.), if applicable.
