FUTURE HEALTH PROFESSIONALS

WHAT IS HOSA?

Mission

The mission of HOSA is to empower HOSA-Future Health Professionals to become leaders in the global health community through education, collaboration, and experience.

Purpose

The purpose of HOSA-Future Health Professionals is to develop leadership and technical HOSA skill competencies through a program of motivation, awareness and recognition, which is an integral part of the Health Science Education instructional program.

WHAT IS HOSA?

Goals

The goals that HOSA believes are vital to each member are:

- To promote physical, mental and social well being.
- To develop effective leadership qualities and skills.
- To develop the ability to communicate more effectively with people.
- To develop character.
- To develop responsible citizenship traits.
- To understand the importance of pleasing oneself as well as being of service to others.
- To build self-confidence and pride in one's work.
- To make realistic career choices and seek successful employment in the health care field.
- To develop an understanding of the importance in interacting and cooperating with other students and organizations.
- To encourage individual and group achievement.
- To develop an understanding of current health care issues, environmental concerns, and survival needs of the community, the nation and the world.
- To encourage involvement in local, state and national health care and education projects.
- To support Health Science Education instructional objectives.
- To promote career opportunities in health care.

WHAT IS HOSA?

Core Values

Learning

We value **learning**. We are committed to learning and becoming respected, knowledgeable and skilled health professionals. We will respect the experiences and contributions of our teachers, peers and patients and seek to learn from them.

Leadership

We value **leadership**. We will serve as role models in our academic program, profession and community. We will be ethical, accountable and trustworthy. We will use our influence to empower others to strive for excellence.

Service

We value **service**. We are dedicated to serving others with compassion. We believe that individuals are important, and we will treat everyone with respect and care.

Innovation

We value **innovation**. We are dedicated to enriching the lives of others. We will continuously seek the knowledge and skills to address challenges and improve the health professions.
