

Claywell PTA Clubs

Sign up today! First come, first serve!

Clubs take place after school at Claywell and are run by Claywell teachers. Clubs will meet every Wednesday from 2:20-3:20pm from February 5th-March 12th. Students will be dismissed from class directly to clubs.

Students MUST be dismissed from clubs as a car rider, walker, bike rider, or HOST and be picked up right at dismissal at 3:20

****There will be no late sign-ups or cash payments accepted for clubs****

<p>Lego Robotics</p> 	<p><u>Mrs. Versaggi 3rd - 5th grades only</u></p> <p>The LEGO Robotics Club is an exciting, hands-on program where creativity meets technology! Designed for students passionate about engineering, programming, and problem-solving, the club offers the opportunity to build and program robots using LEGO kit, SPIKE Prime Essentials. Members work in teams to design, construct, and code robots to tackle real-world challenges or compete in fun competitions. Whether you're a beginner or an experienced builder, the LEGO Robotics Club fosters innovation, collaboration, and critical thinking in a fun, supportive environment. Perfect for budding engineers and tech enthusiasts!</p>
<p>Game On!</p> 	<p><u>Mrs. Lawson 2nd- 5th grades only</u></p> <p>Get ready to unlock your creativity and problem-solving skills in <i>Game On!</i>—a fun and interactive afterschool club for students in grades 2-5! Dive into exciting activities like:</p> <ul style="list-style-type: none"> Building Worlds in Minecraft <p>Collaborate with friends to design and build incredible virtual worlds while learning teamwork, resource management, and creativity.</p> <ul style="list-style-type: none"> Escape Room Adventures with Breakout Edu <p>Solve puzzles, uncover clues, and escape before time runs out! Plus, design your very own escape rooms to challenge your classmates.</p> <ul style="list-style-type: none"> Board Game Play & Design <p>Play classic board games and invent new ones from scratch! Develop your own rules, themes, and strategies to bring your game ideas to life.</p> <p>Join us for an engaging mix of gaming, designing, and learning that will sharpen your mind, spark your imagination, and let you have a ton of fun along the way. It's time to game on!</p>
<p>Young Inventors</p> 	<p><u>Mrs. Jacobs KG - 5th grade</u></p> <p>Explore the world of invention through fun, hands-on activities and collaborative projects. Members will brainstorm, design, and build their own unique creations while learning about famous inventors and the science behind their innovations.</p>

<p>Jazz Dance</p> 	<p><u>Mrs. Banks KG - 5th grade</u></p> <p>Perfect for beginners, students will learn the foundational skills of jazz dance, including sharp movements, dynamic footwork, and expressive choreography, while building flexibility, coordination, and confidence. No special shoes are needed—socks work great—but we will have gently worn jazz and ballet shoes available through donations. Students are welcome to bring leggings or gym shorts to change into for comfortable dancing.</p>
<p>Lego</p> 	<p><u>Ms. Brotherton KG - 2nd grades only</u></p> <p>Join us for some Lego building fun! Students will collaborate and work together to complete different Lego building challenges. Students will use their engineering and creative skills to complete these fun challenges! Come practice teamwork and challenge yourself to think outside the box while using Legos!</p>
<p>Scrap and Yap</p> 	<p><u>Mrs. Wells 3rd - 5th grades only</u></p> <p>Join Mrs. Wells for creative writing, poetry, and journaling. We will use a variety of supplies to practice junk journaling, which is kind of like a scrapbook journal, talk about our dreams and goals, and get creative! There will be time to share with each other, as well as making these awesome journals and new habits that we can keep!</p>
<p>Clay/Ceramics</p> 	<p><u>Mrs. Christopher 3rd - 5th grades only</u></p> <p>Get ready to get your hands on a hunk of clay and learn ceramic basics. We will be making slab tiles/coasters, textured animals, beads, and more! Each week students will learn a basic technique or skill and experience the entire process of creating ceramic pieces. Let's get messy!</p>
<p>Drawing</p> 	<p><u>Mrs. Sosa KG - 2nd grades only</u></p> <p>Do you love to draw, or do you want to learn how to draw? Join the Drawing Club and you will get to use your creativity and your artistic skills to learn how to draw a variety of characters and animals.</p>
<p>American Sign Language</p> 	<p><u>Mrs. Lavold 3rd - 5th grades only</u></p> <p>Have you ever wanted to learn American Sign Language (ASL)? This is the club for you. Mrs. Lavold will teach the basics to sign language. You will learn how to spell your name, count, common words, animals, colors, and more. This will be an interactive club. At the end, participants will be able to have simple conversations with each other without having to talk. Come and meet friends, learn a new language, and have fun.</p>
