Parent and Family Services is supported by Florida Diagnostic and Learning Resources System (FDLRS) and Hillsborough County Public Schools (HCPS). Our goal is to guide and empower families to become collaborative, effective advocates for their child with special needs by providing information, help and support to promote academic and social success in school and within the community. Each Exceptional Student Education (ESE) parent liaison works closely with regional district schools and staff and is a parent of a child who has received ESE services.
