

Summer Mental Health Support 2025

If any student has a medical emergency or imminent crisis, please call 911 immediately

If a student needs mental health, threat, or suicide support during the Summer Learning Program, schools should utilize their on-campus Student Services (SS) Team member. If there is no SS team member on-site schools can contact the numbers below.

Threat/Suicide Assessment and Mental Health Support: 813-273-7136

For other mental health or Student Services support or guidance, please contact any of the Student Services Supervisors listed below:

| | | | |
|--|-------------------------------------|--------------|---|
| School Counseling Services (All levels) | Angelique Xenick Rennex Franklin | 813-273-7346 | rennex.franklin@hcps.net angelique.xenick@hcps.net |
| School Health Services | Maria Russ | 813-273-7020 | maria.russ@hcps.net |
| School Psychological Services | Anne Townsend | 813-273-7095 | anne.townsend@hcps.net |
| School Social Work Services | Myrna Hogue | 813-273-7090 | myrna.hogue@hcps.net |
| Mental Health Team | Christine Pickering | 813-273-7136 | christina.pickering@hcps.net |
| Mental Health Team | Michael Kelleher | 813-273-7136 | michael.kelleher@hcps.net |
| Mental Health Team | Elizabeth Tanner | 813-273-7136 | elizabeth.tanner@hcps.net |
| District Crisis Intervention Team | Anne Townsend | 813-373-8896 | anne.townsend@hcps.net |
| *Must be requested by site administrator (i.e., death of student or staff) | | | |

Families can contact their insurance provider (if applicable) to receive mental health services within the community. However, through the District Mental Health Plan, mental health services can be provided utilizing district funds (if that is a barrier) by generating a mental health referral. Please contact Michael Kelleher, Elizabeth Tanner, or Christine Pickering with any requests for a mental health referral.

***Families can directly contact providers through their insurance (if district funds are not needed). Parents can always call 2-1-1 to be directed to additional community resources.**

Other resources for students and/or families:

24/7 Crisis Hotline: dial 2-1-1 OR **Crisis Text Line:** Text TALK to 741-741

National Suicide Prevention Hotline: 988

Child Abuse Reporting Hotline: 1-800-96- ABUSE (22873)

****Call 911 immediately if imminent threat or danger****

FL Model Threat Management 2025 Summer Procedures

SUMMER School Based Threat Management Teams (SBTMT)

If you are hosting summer learning on-site, please identify staff members who are trained in the Florida Model (i.e. Chair, Vice Chair, Administrator, Mental Health, Instructional).

- For Mental Health support with Threat Management Cases this summer, please refer to page 1 of this document.

Note: *If your campus only has one administrator – the principal must act as the Chair.*

SUMMER THREAT MANAGEMENT

All Florida Model processes will remain the same as the traditional school year with the following exceptions:

- Schools hosting summer learning will be responsible for all Threat Management cases that occur on their respective campuses, *even if the student of concern is from another school.*
- The school of origin for the student should be notified of any Threat Management cases that occur over the summer.
- Documentation must be completed in EdPlan within State Required Timelines.
 - If you have any challenges accessing EdPlan or individual students, please contact 813-273-7136.
 - Same acknowledgement process will apply over the summer.

MEETINGS

- Monthly SBTMT meetings are *not required* for June and July. Teams will reconvene in August.
- The District Threat Management Team (DTMT) will continue to meet on a weekly or as needed basis during June and July.

SUMMER MONITORING: Student Support Management Plan (SSMP)

- If the originating school's SBTMT amended the student's SSMP for the summer, those changes *must be documented* on the SSMP in EdPlan.
- When the originating SBTMT has determined that a student of concern must be monitored over the summer, this must be done with the same frequency and interventions identified in the most recent SSMP.
 - The frequency of contact is *not a one size fits all*.
 - Consider the totality of circumstances.
 - Consider the incident that warranted the threat assessment and most appropriate interventions.
 - Higher levels of concern may warrant more frequent contact.
 - ***Some recommended methods of summer monitoring:***
 - Phone, virtual or in-person meetings with student of concern or parent
 - Collaborating with local law enforcement agencies or school security

TRAINING

- Florida Model training schedule for the 25/26 school year will be released in July.
- Florida Model state-required refresher training is mandatory for *all SBTMT team members* and alternates.
 - Information on the refresher training will be available in July.
 - Refresher training must be completed within the first 30 calendar days of the start of school.

Administrators can contact (813) 273-7136 with questions about Threat Management
