What comes to your mind when you hear the word community? Community service is the opportunity to unite and help others, and that is what exactly took place here at Carrollwood Elementary School this past Saturday. We were Growing with Wonder as we started phase 1 of our campus beautification project.

*I would like to extend a **HUGE** thank you to the overwhelming community support we received. We had approximately twenty-five high schoolers who volunteered their time from Gaither and Jesuit High School. Thank you to Mrs. Souverain and Mrs. Irvin for orchestrating their help. We had an additional twenty volunteers from Dad Club, Beautification Team, PTA Executive Board, Parents, Staff, and Students helping from 7:00 to 12:00. These volunteers pulled weeds, laid soil, and mulch, trimmed bushes, repurposed, and replanted many plants. Pressure washing took place under the pavilion, webs were knocked down and many balls were retrieved from the high rafters. We filled up two dumpsters of weeds, leaves, and trimmings.*

*A **big** thank you to Mrs. Zimmer who secured the donations of soil and mulch from Home Depot in N. Dale. This day was truly a community event incorporating all stakeholders in the Carrollwood Area. Our campus looks beautiful, and we could not have accomplished as much as we did without your help.*

The photos below show some before and after shots of our campus.

Speaking of community support...I would like to thank Tony Pinion for safely crossing our students at the corner of McFarland and Orange Grove for the last seven years. Tony's last day with us as our Crossing Guard was this last Wednesday. Tony felt it was time to move on and explore other avenues in life during his retirement. He told me "He truly enjoyed his time here at Carrollwood getting to know the students and parents. The school is a big part of the Carrollwood Community, and it has been a pleasure being a part of it and he will miss us dearly."

At this time Hillsborough County Sheriff Department will have different people fill the position until they are able to find a permanent replacement.

Family Night

THURSDAY, MARCH 10

5:00-7:30 PM

COUNSELOR'S CORNER

In February, students learned about acceptance and the importance of embracing others even if they seem different. I went into classrooms and read the book *Same, Same but Different* by Jenny Sue Kostecki-Shaw. We then discussed our similarities and differences.

I have also been discussing Growth Mindset on the morning show on Monday's. Growth mindset is believing that we are not our failures, and we can learn from our mistakes. Our basic qualities and abilities are not set and can be cultivated through effort. Carol Dweck is the researcher that taught us about growth mindset. People with a growth mindset look forward to challenges and understand that we can learn from our mistakes. If we are not successful, that does not mean that we will never be able to be successful at that task. Our brains can grow and change.

In March, we will be focusing on responsibility. Students will learn that we need to be responsible and take responsibility for our actions.

ELL NEWS ...

Our ELL students from Kindergarten all the way to 5th grade have completed their ACCESS 2.0 assessment! All of our students did a great job staying focused and showed their best work on all four of the domains tested. I am so proud of them all!! Spring Break will be starting soon, and I hope everyone recharges and has a safe week. P.S. Don't take a break from learning, READ a little each day!

Thank You Beautification Committee

Thank you to the Beautification Committee, Home Depot, Dad's Club and all the volunteers that came out to beautify our campus on Saturday, February 26. The event was a huge success, and the campus looks amazing! Plants and mulch were donated by Home Depot. The campus was weeded, raked, trimmed and mulched. The Pavilion was pressure washed and spruced up as well.
