## HAPPY SUMMER

As the school year wraps up, I just wanted to say how proud I am of all the hard work you've done! You've made great progress! Now it's time to relax, recharge, & enjoy a well-deserved break.

This summer, take time to do the things you love—read a good book, explore nature, spend time with family and friends, and maybe try something new. Keep your curiosity alive and remember that learning happens everywhere, not just in the classroom.

Have a safe, fun, and restful summer.

I can't wait to hear about all your adventures when we see each other again!

Warmest wishes,

Mrs. Schlarbaum

### **Mid-Air by Alicia D. Williams**

It's the last few months of eighth grade, and Isaiah feels lost. On the run from Hightower Corporation who wants the guardian's power, Shinji must team up with a brilliant young tech whiz named Lucy, and the ragtag cast of characters from the Society of Explorers and Adventurers to return the guardian to its rightful home and release Shinji from its magic—which seems to be draining his life force. Time is ticking, the Hightower Corporation is in hot pursuit, and success or failure means life or death for Shinji.

### **Simon Sort of Says by Erin Bow**

Simon O'Keefe's biggest claim to fame should be the time his dad accidentally gave a squirrel a holy sacrament. Or maybe the alpaca disaster that went viral on YouTube. But the story the whole world wants to tell about Simon is the one he'd do anything to forget: the one starring Simon as a famous survivor of gun violence at school. Two years after the infamous event, Simon and his family move to the National Quiet Zone—the only place in America where the internet is banned. Instead of talking about Simon, the astronomers there are busy listening for signs of life in space. ### Immunization Requirements for Entry Into Florida state schools 7<sup>th</sup> – 12<sup>th</sup> grades

The Florida Law is requiring that students entering seventh through twelfth-grades receive a very specific form of the "Tetanus" vaccine. This vaccine is referred to as the **Tdap** (Combined Tetanus, Diphtheria and Pertussis Vaccines). This requirement is in addition to the previous immunization requirements that are age-appropriate. Recommendations for provision of the Tdap vaccine are in accordance with the recommendations of the Advisory Committee on Immunization Practices (ACIP).

Documentation from the student's health care provider should specify that the student has received the Tdap vaccine on the Florida Certificate of Immunization (680 form). Students who cannot receive the vaccine due to medical contraindications must present a permanent medical exemption from the medical provider on the Florida Certificate of Immunization (680 form). Students that have a religious exemption must provide the DH 681 that can be obtained at the Health Department.

Three additional vaccines are not mandated, but parents are encouraged to discuss them with their child's physician. These are: the meningococcal meningitis vaccine, Hepatitis A series, and the HPV vaccine series (now approved for both males and females).

#### Additional Immunization Recommendations:

Four vaccines which are not mandated for your child's grade level, but are recommended by the Advisory Committee on Immunization Practices (ACIP) should be discussed with your health care provider are: meningococcal meningitis, hepatitis A series, Influenza and Human Papilloma (HPV) Vaccine series.
