Clever

District admin log in
For Hillsborough public schools.
Students can access most of the programs that are used during school at home. We encourage you to take advantage of these applications to:

- improve foundational skills (basic reading, math, etc.)
- increase studying and grade-level skill practice
- complete homework
- support enrichment and advancement
Clever is also where students will access Canvas, our learning management system.

Every student has an account. You can access information through your child's account, or parents can have their own account to see their child's grades and contact teachers.

CANVAS FOR STUDENTS

Watch on YouTube
Students in Middle School have multiple teachers and typically travel from class to class. Instead of communicating with one teacher, you will now communicate with approximately 7 teachers.

Canvas is the most efficient way to communicate for Middle and High School.
You and your child will use Canvas to stay on top of topics, due dates, grades and other classroom communications. Some curriculum items (textbooks, worksheets, links, etc.) are also connected to the Canvas course pages for some classes.

It is recommended that grades are checked bi-weekly. You can also reach out to teachers about

- help with assignments
- missing assignments
- concerns about scores
If you have a concern and need to contact the teacher, you can use the Canvas inbox to send a message.

Teachers may also send you and your child Canvas inbox messages related to:
- late/missing assignments
- low scores
- upcoming due dates
Hillsborough County Public Schools offer online access to families for report cards and testing data.

To locate the link, search **Report Cards Hillsborough**. Then click **Report Cards - Hillsborough County Public Schools**.
