

Lewis'

Summer **READING** Challenge

Dear Families,

This summer, I am encouraging your child to read for at least 20 minutes each day. Summer reading will help your child maintain their current reading abilities and avoid a decline over the summer months. Reading just 20 minutes a day adds up and will keep your child ready for school!

Simply have your child color a section of the ice-cream truck's path every time they read for 20 minutes. When students return to school in August, they can turn in the completed reading sheet to the media center. We'll celebrate their reading success with some yummy ice cream! Happy reading!
