

Art with Ms. Wilburn

Welcome to the 2020-2021 school year. I look forward to all the exciting things we will be creating and learning.

Safety in the Art Room

As we start this school year with a little uncertainty, please know that I will be doing my best to ensure a clean safe learning/creating environment. However, I cannot do this without your help and corporation.

The art department has determined that we need to limit sharing of supplies. Things that can be soaked and washed will be available within the art room. Please see the individual supply list for your child; they will bring to the art room for their use only.
