Tampa Palms Elementary Supply List- <u>e-Learners</u>
2020-2021

Students learn best with a structure and routine in place. All students engaged in the e-learning platform will need the following structures in place:

- A working device with Internet connection.
- A designated learning area. This could be the dining room table or a desk. The learning area should convey that school is important and the student is ready to focus on the content.
- The TV and other non-school related devices are turned off. A quiet learning environment allows students to focus.
- Students are dressed for learning. School appropriate clothes should be worn. Uniforms are optional, but appreciated. Pjs are for sleeping ☺. Teachers will provide further details on setting up the expectations for learning.
- Be on time for all live lessons.
- Parents will need to support their child with technology issues/glitches. Students do the work. All work should reflect the child's best effort without parent editing prior to submitting. This allows teachers to gain an authentic picture of what your learner can do independently. Each e-Learning teacher will review the expectations with all families to provide clear direction.
- The daily learning schedule for your child should be posted in your designated learning environment/space. The schedule will be shared by the teacher. This schedule will include the designated lunch time & brain breaks.

Kindergarten

2	#2 Pencils with erasers
1	Hand-held pencil sharpen if your house hold does not currently have a pencil sharpener.
2	Composition notebooks- Black & white marble-wide ruled
