

A MESSAGE FROM OUR PRINCIPAL, MS. METZLER

Thank you for a great school year! If your child for some reason is not returning to Tampa Heights in the fall, please call to let us know.

We are finishing up grades 3-5 testing this month. There are resources for you and your child included.

We are looking forward to the Taste of Tampa Heights on May 14th from 5-7pm. We hope to see you all there.

Student Spotlight

As we transition into our life science unit, our K-5 Navigators have been making meaningful real-world connections through their hands-on experiences in our sustainable garden. By observing the growth of various plants, they are gaining a deeper understanding of plant life cycles and identifying traits of non-flowering plants such as ferns and mosses. This direct observation enhances their scientific inquiry skills and helps them connect classroom learning to the natural world around them. Additionally, their work in the garden connects to SDG 15: Life on Land, as they learn the importance of biodiversity, responsible land use, and the role of plants in sustaining healthy ecosystems.

Teacher Spotlight

Ms. Austin is enthusiastic about helping her students grow in math and science. She finds creative ways to make learning meaningful and fun. Beyond the classroom, Ms. Austin also coaches of our dance team, where she inspires confidence, teamwork, and self-expression. Her commitment to both academics and the arts makes her a valued and dynamic part of our school community.

Parent Resources for helping your child prepare for testing

Ways to use the 7 Habits to get through testing and the end of the academic school year:

LeaderinMe®

Habit 1: Be Proactive by taking responsibility for your learning—create a study plan and commit to sticking with it.

Habit 2: Begin with the End in Mind encourages you to set clear goals, such as aiming for a specific score or mastering certain subjects.

With Habit 3: Put First Things First, prioritize study time over distractions like social media or TV.

Habit 4: Think Win-Win helps you stay positive and collaborative—study with peers and encourage one another.

Use Habit 5: Seek First to Understand, Then to Be Understood to ask teachers questions and listen carefully to feedback.

Habit 6: Synergize by working in study groups, combining everyone's strengths for better understanding.

Finally, Habit 7: Sharpen the Saw reminds you to take care of your physical and mental well-being by getting enough rest, eating healthy, and taking breaks so you're refreshed and ready to perform your best on test day.

T.H.E.M. HOUSE COMMUNITY

OUR CALL TO *Action...*

Our leaders have spent the year discovering and developing their leadership skills. Now is the time that we are synergizing our newly acquired skills to FIND OUR VOICE. Our leaders are preparing to do this by showcasing their talents in a Talent Show. Stay tune for clips of our leaders.
