A MESSAGE FROM OUR PRINCIPAL, MS. METZLER

Thank you to everyone who attended our Fall Family Night. I think everyone had a great time! Our next event will be a curriculum night in January.

Our teachers and students have been working hard this year! It is hard to believe that it is already December.

We are looking forward to seeing student growth on the mid-year state assessments this month. Reading assessments will begin December 3 and math assessments will begin December 10. Please talk to your child's teacher if you have any questions.

Student Spotlight

We are thrilled to have our partners at Wilder Architecture working with our 5th graders until Winter break. They are gaining understanding of basic structural principals used in architecture around the world. Through the design and engineering process they have the opportunity to collaborate. They will learn ways that architecture can impact and help reach global goal 11 and move towards sustainable cities and communities around the world.

Teacher Spotlight

Ms. Miles is our amazing music specialist. She is new to Tampa Heights but has come with amazing ideas and dedication to our students. She offers so many opportunities for our students to shine!
