Addison G. Davis

**Principal**  
Carmine Alfano

SUMMERFIELD ELEMENTARY SCHOOL

August 1, 2022

**School Lunch Information**  
**2022-2023**

**UPDATES:**

1. In prior years all students received free breakfast across the district. This BEST PRACTICE will continue this school year.
2. Last year the Federal Government provided free breakfast and lunch for all students because of the Pandemic. *This meant that students did not have to apply for free or reduced lunch during this year because of the funding program the government provided for all students during those challenging times.*
3. This year the Federal Government has classified schools into two categories:
  - a. **CEP Schools:** (Will get free breakfast and lunch without having to fill-out a "Free and Reduced" lunch form to start the school year). **Summerfield is a CEP lunch program school because of our Title 1 status.**
  - b. **Non-CEP Schools:** (Will get free breakfast but must fill-out a "Free and Reduced" lunch form this upcoming school year).
4. **Lastly, if your child has any allergies to food products, you must provide that information to the school so they can update those alert screens on the lunch computers to protect your child from receiving those items.**
