A Magnet Program
A Magnet Program

Stewart Middle Magnet is a nationally recognized NASA Explorer School focusing on Science, Technology, Engineering, and Mathematics (STEM) education. Our specialties in Aerospace, Engineering, Robotics, Environmental Science, Computer Technology and Video Game Design empower students to Go Above and Beyond in becoming independent learners and creative problem solvers ready to address the challenges of the 21st century global community.

Take a trip with us to enhance your learning by going to exciting locations such as Kennedy Space Center, Tampa Bay Watch, Crystal Springs, and the Florida Aquarium. Each elective course offers specialized fieldtrip experiences related to their area of study. Partnerships with the University of South Florida's Colleges of Engineering and Marine Science, Florida Space Consortium, International Space Station National Laboratory, the University of Tampa, Tampa Bay STEM Network, and Florida Synapse Innovation Leaders provide mentoring, activities, and site visits to stimulate high achievement across all ability levels.

Experience the Home of the Math Academy. Sixth grade students complete two mathematics courses, to be able to take Algebra in 7th grade and Geometry in 8th grade. Pathways at Stewart focus on engineering, robotics, gaming, aerospace, and academic advancement. Stewart offers nine high school credit courses to their students as well as the most Project Lead the Way (PLTW) programs than any other middle school.

Make a commitment to excellence and rigor by benefiting from our strong collaboration with parents, community, and staff. Partnerships with NASA, NOAA, United States Air Force MAXAR Technologies, CyberPatriot, and many others will engage you with real-world learning. Be part of the legacy that is Stewart Middle Magnet School!

Points of Pride

- ◇ Certified National Magnet School of Distinction
- ◇ Magnet Schools of America National Merit Award Recipient
- ◇ Project Lead the Way School featuring Flight and Space
- ◇ John Glenn Top Gun Academy- *Honor Society for students with an interest in Aerospace and Aeronautics*
- ◇ Leadership Academy for gifted/talented students
- ◇ Math Academy
- ◇ National Junior Honor Society
- ◇ Math League and Math Counts Competition Teams
- ◇ LEGO Mindstorm and VEX Robotics Teams
- ◇ NINE HS Credit courses
- ◇ STEM and STEAM Electives
- ◇ STEAM Clubs and summer HOST STEM Program
- ◇ National Award-Winning Maker Space
- ◇ CyberPatriot Club
- ◇ WeatherSTEM Weather Station
