## RECENT PROJECTS

### DOROTHY THOMAS EXCEPTIONAL CENTER

Over \$15 million in referendum funding went toward this new school build project. The new building is a two-story structure encompassing 27,098 sq. ft. It includes a media center, cafeteria, administrative offices, and 18 classrooms along with various meeting spaces, teacher planning, and a CTE lab.

### ROBINSON HIGH SCHOOL

This teardown, replacement, and renovation project received an estimated \$48 million in combined funding. Nearly 186,000 sq. ft. was replaced, equating to two-thirds of the campus. Some of the projects completed include new turf and track, a fire alarm system, an HVAC system, and a Public Address (PA) system.

### TOMLIN MIDDLE SCHOOL

This project received over \$20 million from referendum funding. Tomlin's roof was replaced, new insulation was installed, floors and windows were repaired, the HVAC units received an overhaul, and its gymnasium was also renovated.
