Tardy Policy
2023-2024 School Year

Tardiness Defined in the 2023-2024 Student Code of Conduct

A student is tardy when he/she arrives after the beginning of the school day, or when the student is not in his/her assigned area at the designated time. We are now into the 2nd half of the 1st 9 weeks and students should understand the expectations for getting to class on time. Parents be advised that parent contact will be maintained to ensure students' tardiness doesn't result in loss of instructional time.

Consequences for tardiness (per 9 weeks):

Tardies are CUMULATIVE. Students who accumulate multiple tardies will be subject to disciplinary action as indicated below:
