Thank you for supporting your child in preparing for the up coming tests. The following suggestions cover ways in which you may continue to support your child during the testing days:

- Make sure your child gets a good night's rest before the test.
- Rearrange after-school and evening activities during testing if possible.
- Realize that your child may seem more tired than usual after each day of testing.
- Make sure that your child has a nutritious breakfast or adequate time to receive breakfast at school prior to testing.
- Read with your child.
- Express your support and your confidence that your child will do well on the test.
- Ensure a quiet, positive testing environment.

Help your student understand that testing is a part of the instructional process, and is not something to fear.
