Robinson Elementary School

4801 TURKEY CREEK RD, Plant City, FL 33567

[no web address on file]

Demographics

Principal: Alicia Wilkerson

Start Date for this Principal: 6/18/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	Yes
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	88%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups in orange are below the federal threshold)	
School Grades History	2018-19: C (47%) 2017-18: C (50%) 2016-17: C (45%) 2015-16: C (46%)
2019-20 School Improvement (SI) Information*	
SI Region	Southwest
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	
Year	
Support Tier	NOT IN DA
ESSA Status	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement

J. S. Robinson will provide all students the knowledge and skills necessary to reach their highest potential.

Provide the school's vision statement

J. S. Robinson will provide all students the best education in the county.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Wilkerson, Alicia	Principal	
Gilmore, Katherine	Assistant Principal	
Bikowski, Stephanie	Instructional Coach	
Roberts, Lynn	Instructional Media	
Der, Judy	Instructional Coach	
Cooper, Samantha	Teacher, K-12	
Hicks, Kyisaiah	Guidance Counselor	
Valentino, Kathryn	Teacher, K-12	
Shepherd, Kari	Instructional Coach	

Demographic Information

Principal start date

Thursday 6/18/2020, Alicia Wilkerson

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

49

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

5

Total number of teacher positions allocated to the school

41

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year’s low performance and discuss any trends

For the 2018 - 2019 the data component the showed the lowest performance was Science. We feel as a team one of the factors that led to this decrease was a change of science teachers. Our 5th grade Science teacher that we had taught 80% of the students. She had taught science for over 15 years. She had a promotion and we had a new hire. It took a couple months for the new hire to be fully processed. So we have 80% of our students being taught by a brand new teacher and 20% of the students being taught by a teacher who was new to 5th grade.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline

In the 2018 - 2019 school year data, the greatest decline was also in science. We feel as a team one of the factors that led to this decrease was a change of science teachers. Our 5th grade Science teacher taught 80% of the students. She had taught science for over 15 years. She had a promotion and we had a new hire. It took a couple months for the new hire to be fully processed. So we have 80% of our students being taught by a brand new teacher and 20% of the students being taught by a teacher who was new to 5th grade.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends

When looking at the state averages for the 2018 - 2019 school year, in both Math and Reading in the third grade there was a 23% gap between what Robinson scored for their proficient students compared to

that of the State. While our 3rd Grade FSA scores show a wide gap between Robinson's data and the state data, our iReady 3rd grade math and reading scores show an increase in proficiency from the beginning to the end of the 2018-2019 school year. These students are continuing to show growth from K-3. In reading, a lack of foundational skills and vocabulary directly correlated to students being able to fluently read and comprehend text at a proficient level. The achievement gap begins to widen when 1st-5th grade teachers have to teach foundational skills below grade level expectations.

Which data component showed the most improvement? What new actions did your school take in this area?

In Math learning gains, and learning gains of the lowest 25% we went up 1%. In the school year 2018-2019, our math teachers focused on small group differentiated instruction, with an extra focus on our tier 3 bottom quartile students. As a result, we had an increase in learning gains points as well as bottom quartile learning gains. Additionally, our Math resource teacher held small group instruction with bottom quartile students.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

As a leadership team we feel that word study support, vocabulary knowledge, a need for wide reading of genres are all areas of concerns to these students.
Rank your highest priorities (maximum of 5) for schoolwide improvement

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year

1. Create a Culture for Professional Development.
2. Create a Culture for shared accountability for both students and staff through monitoring.

Part III: Planning for Improvement

Areas of Focus:

#1. Culture & Environment specifically relating to Early Warning Systems

Area of Focus Create a culture of shared accountability through aligned standard based instruction. Need to improve standard based instruction to increase proficiency and student gains across all grade levels.
Description and Rationale:

Measureable Outcome: Increase in proficiency and student gains by looking at iReady scores, FAIR, and EOY assessments.

Person responsible for monitoring outcome: Alicia Wilkerson (alicia.wilkerson@sdhc.k12.fl.us)

Evidence-based Strategy: Involve stakeholders in supporting our instructional practice.
 Extended Learning opportunities.

Rationale for Evidence-based Strategy: Need to support the parental understanding to support the instructional focus.
 Need to collaborate and support the instructional staff to align standard based instruction.

Action Steps to Implement

1. Bi-weekly Professional Learning Community meetings monitored through weekly agenda.
2. Monthly/Quarterly assessments monitored through IReady, SIPPS, Achieve 3000, and School City.
3. Progress monitoring of the multiple data points through monthly MTSS meetings and quarterly PSLT/CST meetings.
4. Weekly Walk-throughs with teacher feedback.

Person Responsible Stephanie Bikowski (stephanie.bikowski@sdhc.k12.fl.us)

#2. ESSA Subgroup specifically relating to African-American

Area of Focus Description and Rationale: Additional monitoring and support of our Black African Americans students due to the need to improve standard based instruction to increase proficiency and student gains across all grade levels, including FSAA.

Measureable Outcome: Increase EWS to 41% or higher

Person responsible for monitoring outcome: Alicia Wilkerson (alicia.wilkerson@sdhc.k12.fl.us)

Evidence-based Strategy: Increase parental improvement
Reading Coach and Math Coach will serve the bottom quartile students two days a week.
Black African American students will be assigned to day tutors.

Rationale for Evidence-based Strategy: Collaborative planning
PLC will progress monitor the Black subgroup
Quarterly monitor Black subgroups through report card reviews.

Action Steps to Implement

1. Quarterly PLC monitoring of Black subgroup and through report card reviews.
2. Administration will monitor all formative data for Black subgroup
3. Weekly Walk Through

Person Responsible Alicia Wilkerson (alicia.wilkerson@sdhc.k12.fl.us)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

The school leadership team will meet throughout the year and discuss the priorities that the team has decided upon. The team will bring data that supports what is happening at the school and share what is going well and what can be done to improve.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Robinson goes above and beyond to build positive school culture. Throughout the school year we have monthly character traits. The guidance counselor visits classroom and gives character education lessons to all grade levels that correspond with the trait. We also have ROAD and mindfulness expectations. These are rules that all students learn about in the first weeks of school. All teacher, students, faculty are involved in making sure they are being followed. Our PBIS team offers a monthly store where students can spend their earned JSR bucks. Additionally, we have inclusive semester mystery events and assemblies to reinforce desired behaviors. We continually build on being culturally responsive in instruction and leadership to address the intersectional academic, socio-economic, and social-emotional needs of our diverse population.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

1	III.A.	Areas of Focus: Culture & Environment: Early Warning Systems	\$0.00
2	III.A.	Areas of Focus: ESSA Subgroup: African-American	\$0.00
Total:			\$0.00
