**Welcome Back 2025-2026 School Year  
North Tampa Success Center**

July 2025

Dear Students and Families,

Welcome to a brand-new school year! We are excited to open our doors and our hearts to each of you as we embark on another year of learning, discovery, and transformation.

This year, our theme is *"Evolve: Empowering Growth, Embracing Change"*. It reflects our commitment to not only academic excellence but also to the personal and social development of every student. As we move forward together, we understand that change is not always easy-but it is necessary, and it is powerful.

Inspired by our theme song "A Change Has Come," we step into this school year with hope, courage, and the beliefs that meaningful change starts with each of us. Whether it's learning a new skill, setting a personal goal, or reaching out with kindness, every step forward matters.

The focus for this school year will be on continuous improvement, building community, and preparing our students as 21<sup>st</sup>-century urban youth, with a strong emphasis on STEAM (Science, Technology, Engineering, Arts, and Mathematics). We are committed to equipping our students with the tools and experiences that foster both academic excellence and real-world readiness.

We are excited to announce a variety of enriching electives and clubs that will be offered this year, including:

- Medical Academy
- Forensics
- Chess
- Art
- Debate Bowl
- Math Bowl
- Robotics.

Our students will also enjoy monthly Sports and Field Days featuring basketball, soccer, volleyball, and football, providing opportunities for teamwork, physical wellness, and fun. In addition, our incentive game room will be open weekly to reward positive behavior and academic achievement. Our monthly sports and field days will consist of basketball, soccer, volleyball, and football. Our incentive game room will be open weekly.

As a school community, we are here to support your growth, academically, socially and emotionally. We are dedicated to creating a safe, inclusive, and empowering environment where every student feels seen, valued, and inspired to be their best self.

We look forward to partnering with you throughout the year. Let's evolve together!

With excitement and purpose,

Dr. Shonda L. Flores  
Principal
