19: Algebra/Geometry EOC (End of Course) Session 1

20: Algebra/Geometry EOC (End of Course) Session 2

23-27: Final Exams (Semester Exams)

## Test Taking Strategies

### **Diversify your study methods**

One way you can make sure your studies are sinking in is to look over and practice the materials in varying ways. The more ways you can learn a subject, the more prepared you'll be for new test scenarios.

### **Rest**

One chief tenant in preparing for any test is to allow yourself ample rest. You don't want to be worn out or over-anxious when it's time to actually do the test. Take frequent breaks while studying to allow the knowledge to be absorbed and to assure that you don't become overwhelmed. This should also help to decrease any anxiety you may start to feel. On the night before the test, be sure to go to sleep early to ensure you awaken fresh and ready to get a great score.

### **Double Check Your Answers**

Get in the habit of checking your answers. You don't want to fall in the trap of knowing the answer but missing the question by accidentally putting the incorrect response in. After finishing your test, take a moment before turning it in just to look over your work to make sure everything is as you want it.

Buffalo Bash and Field Day is Friday, May 27th!

## Kona Ice Fundraiser

**May 13 and May 27**

These funds will help fund our End-of-the-Year Buffalo Bash and Field Day. We appreciate your support in our continued efforts to raise funds to benefit our students.

## Ecosystem Exploration

6th grade students attended Nature's Classroom where they had an opportunity to investigate the property and learn how biotic and abiotic factors shape the ecosystems around them.

## Newton on Skates

7th grade students participate in the Newton on Skates lesson at United Skates where they learned about inertia.

## STEM with Ms. Ramirez

Math students learned about forces and motion with LEGO BricQ sets.

## 2022-2023 School Uniform

Students will be required to have **plain, red** outer wear (jackets, hoodies, sweaters, sweatshirts) along with red polo-style shirts and khaki bottoms.

Shirts and jackets may be purchased in the main office beginning **August 1, 2022**.

**CASH ONLY, NO BILLS LARGER THAN \$20.**
