About the Children’s Board of Hillsborough County

The Children’s Board of Hillsborough County has been investing in children and families for the past 30 years. Created by the voters in 1988, we grant funding for programs and services provided by local organizations. Children’s Board investments ensure that:

**Children are Healthy and Safe**
- Every year, we help thousands of women deliver healthy babies; a baby’s first years have an impact for life.
- We provide funding for children in need of access to health care, including vaccines for preventable diseases so they can start school and stay in school.
- We invest in programs that promote child safety and well-being.

**Children are Developmentally on Track**
- There are five areas of development that will help young children to be ready to learn and succeed: health and physical; social and emotional; language and communication; cognitive learning; and personal development.
- Our funding ensures that children are provided with early intervention services allowing the best possible long term outcome.
- We invest in programs to promote nurturing relationships, ensuring children are able to form secure attachments with caregivers, critical to their cognitive and social-emotional growth.

**Children are Ready to Learn and Succeed**
- Providing funding that allows young children access to the care and developmental support they need ensures they enter kindergarten ready to learn.
- The relationship between a child and his / her caregiver is essential to the developing brain; these relationships are critical as the brain forms visual, language, motor and social-emotional connections essential for later literacy learning.
- Our significant investment in early learning ensures that children are provided the early building blocks necessary for academic success. Research supports that success at ages nine and ten can be attributed to the amount of words they hear from birth through age three.

**Children have Supported and Supportive Families**
- The Children’s Board Family Resource Centers offer support to all families that are at no cost to participants, from developmental playgroups to health services.
- Children’s early experiences, particularly from birth to age five, are critical to their brain development and lifelong health. Family support services promote family involvement throughout a child’s life which starts at birth.
Governing Board

The Children’s Board is governed by 10 Board members from the local community. Five are “ex officio”, meaning they serve by virtue of the office they hold. The remaining five members of the Board are Hillsborough County citizens appointed by the Governor of Florida. The Governing Board hires the Executive Director, who is responsible for the leadership and management of the agency.

Mission

The Children’s Board of Hillsborough County invests in partnerships and quality programs to support the success of all children in Hillsborough County.

Vision

Hillsborough County will be recognized as one of the top places in the nation to raise children.

Conference Center

Our office building on Palm Avenue also serves as a conference center available at no cost to neighborhood, community, and civic organizations. With free parking, easy access to public transportation, and a central location close to major transportation routes, our building is a convenient conference space for community groups. For more information about using our conference center, call (813) 229-2884 or email reservations@childrensboard.org.
Our Budget

The Children’s Board of Hillsborough County oversees a budget of $47.6 million. The charts below represent total revenue and expenditures for Fiscal Year 2019.

Where the Money Comes From

Revenue Sources
Ad-Valorem Taxes ................................................................. 41,771,412
Investment Income ................................................................. 756,000
Administrative Services Organization (ASO) ...................... 1,405,000
Other Community Partner Funding ........................................ 360,000
Miscellaneous Income .......................................................... 155,000
Total Revenue ................................................................ 44,447,412
Fund Balance ..................................................................... 3,235,402
Total Budget ..................................................................... 47,682,814

Total Program Expenditures 87%
Mandatory Government Fees 2%
Direct Operating Expenditures 3%
Administrative Operating Expenditures 8%
Program Description
The Family Reunification Video Visitation program provides a unique opportunity for children to participate in a live visitation via video, with their parent who is incarcerated. The children are offered an opportunity to see and speak with their mothers and fathers for an allotted time weekly via live video conferencing. In addition to the video visitations, participants enrolled in the program have the opportunity to travel to the prisons once a quarter. The children and caregivers get the opportunity to physically interact with the incarcerated parent during the visit.

Target Population Served
Children with an incarcerated mother or father at Lowell Correctional Institution, Hernando Correctional Institution, Polk Correctional Institution, or Sumter Correctional Institution

Service Area / Geographic Focus
Hillsborough County

1-to-1 Comprehensive Mentoring

Program Description
The 1-to-1 Comprehensive Mentoring Program provides professionally supported mentoring services to children and youth who can benefit from a caring and supportive relationship. The program supports children and families by connecting a “Little” (youth) with a “Big” (mentor) to achieve a safe, long, and strong match. Volunteers, parents, mentors, and the youth themselves must commit to actively participate for a minimum of 15 months (hopefully longer) to achieve positive outcomes.

Target Population Served
Children enrolled in elementary or middle school

Program Description
The School Pantries program provides a nutritious food donation to families with children attending specific schools. Families interested in receiving food should talk to their child’s school social worker or administrative staff for specific availability at their school. Food is provided at no charge and is typically received during pick up and drop off times at the school. Feeding Tampa Bay can also help families find other food pantries in the community by visiting our website or calling our office.

Target Population Served
Families with children attending the schools listed below who are in need of food.

Service Area / Geographic Focus
Families with children attending the following Hillsborough County Public Schools:

- Bing Elementary School
- Cleveland Elementary School
- Dover Elementary School
- Dowdell Middle School
- Forest Hills Elementary School
- Lanier Elementary School
- Memorial Middle School
- Mort Elementary School

Hillsborough HIPPY Parent Involvement Project

Program Description
The Hillsborough HIPPY Parent Involvement Project trains parents and caregivers to prepare their preschool age children for early success in school through an evidence-based school readiness curriculum. HIPPY provides weekly in home visits where parents and caregivers are coached in age appropriate activities, developmental screening, monthly family education events, and care coordination as needed. The program works with the Center for Autistic and Related Disorders (CARD) to support families with children on the Autism Spectrum.

Target Population Served
Parents and caregivers of children three to five years of age

Service Area / Geographic Focus
Hillsborough County

Bilingual Services: Yes - Spanish

Funding Amount: $1,358,046

Contact Information:

Program Description
Program-Wide Positive Behavior Support (PWPBS) partners with early childhood centers and family child care homes to support social-emotional development in children, birth to five years of age. Sites receive training, materials, and educational coaching on how to best support all their children with social-emotional skills, while also reducing challenging behavior. Monthly training is also available and open to early childhood educators at locations throughout Hillsborough County.

Target Population Served
Early education providers (center-based and family child care homes), administrators, children birth to five years of age and their caregivers / parents

Service Area / Geographic Focus
Hillsborough County

Bilingual Services: Yes - Spanish and Sign Language

Funding Amount: $681,809
