2023-2024 School Reports20-77

INTRODUCTION

A charter school is a public school of choice that is developed by a private, nonprofit, group using public funds to serve public school students. Charter schools are guided by a governing board and operate under a contract (or charter) with their sponsor which frees them from many of the regulations for traditional public schools. Under s.1002.33, F.S., the district school board, in which the charter school is located, is the sponsor or authorizer. District staff provides support and monitors compliance.

Charter schools may be started by an individual or group of parents, community leaders, teachers, businesses, municipalities, community colleges, or other legal entities organized under the laws of the state.

7Charter schools are often designed to target specialized or underserved populations. A charter school may offer a specialized curriculum (such as arts, science or career education), focus on at-risk students, students with disabilities, drop-out prevention, or take an innovative approach to teaching or program design.

While largely free to innovate in program design and delivery, Florida charter schools operate under certain constraints.

The charter school shall:

- ✓ Be nonsectarian in its policies, practices and operations.
- ✓ Not charge tuition or attending fees.
- ✓ Be accountable to its sponsor for its academic and financial performance.
- ✓ Comply with requirements pertaining to: the provision of services to students with disabilities; civil rights; and student health, safety and welfare.
- ✓ Comply with requirements governing public records and public meetings.
- ✓ Maintain all financial records that constitute its accounting system in accordance with current law.
- ✓ Annually conduct a financial audit.
- ✓ Fully participate in Florida's education accountability program.

Charter schools are financed in the same manner as traditional public schools. Charter schools receive a per student share of the state and federal funding as well as capital outlay funds to assist them with the operation of their facility. School districts may charge an administrative fee of 5% for up to 250 students or if the school is deemed High-Performing they may charge 2% for up to 250 students. Charter schools are accountable for turning in monthly financial reports, or quarterly financial reports if High-Performing, to their sponsor and an annual audit regarding all operations to both the school district and the State of Florida.

Charter schools are accountable to their sponsor. Charter schools must produce positive academic results and adhere to their charter contract. Failure to meet contractual obligations can result in non-renewal of the contract, immediate closure for health and safety issues or 90-day closure proceedings as defined within Florida Statute 1002.33. Charter schools are required to participate in required state exams. All other closure proceedings are governed by the contract and Florida Statute 1002.33.

EXECUTIVE SUMMARY

This report was created to provide the Hillsborough County School Board with an overview of the charter schools contained within its boundaries and for which the school board is responsible for oversight through the Charter Schools Office.

During the 2023-2024 school year, there were fifty-six (56) charter schools in operation in Hillsborough County.

\$ Student enrollment in the operating schools totaled 36,543 FTE*

\$ FEFP generated by the schools totaled \$290,563,040

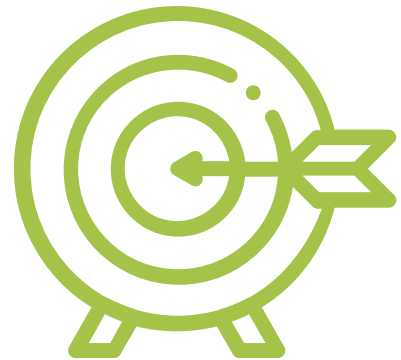

\$ Administrative fees collected by the District totaled \$3,697,123*

\$ Capital Outlay received by the schools totaled \$18,701,740

*Based on 2023-24 Estimated Charter School FTE as of Year End

ENCLOSED IN THIS REPORT YOU WILL FIND INFORMATION REGARDING:

- ✓ **Snapshot of Charter Schools in Hillsborough County**
- ✓ **Schools operating by board member district**
- ✓ **School grade/improvement ratings**
- ✓ **School improvement updates**
- ✓ **School renewal updates**
- ✓ **Application cycle updates**
- ✓ **New school opening updates**
- ✓ **School deferral updates**
- ✓ **School performance reports**

Detailed school performance reports inclusive of contact information, enrollment, and student demographics, academic, compliance, and financial performance **are provided as an Appendix to this report.**

Other information regarding charter schools operating within Hillsborough County, Florida may be obtained by contacting the Charter Schools Office:

CHARTER SCHOOLS SNAPSHOT

A History of Charter Schools

Charter schools are tuition-free public schools created through an application process and contractual agreement or "charter" between a non-profit school-based governing board and the Hillsborough County School Board. Since 1996, Florida charter schools have played a key role in increasing parental options in public education and providing innovative learning opportunities for students. The first charter in Hillsborough County began in 1997 with just 200 students. **Now with over 25 years of operation, 35,861 students are served across 56 charter schools in Hillsborough County as of September 2024 enrollment counts.**

Data based on district's 20-day count

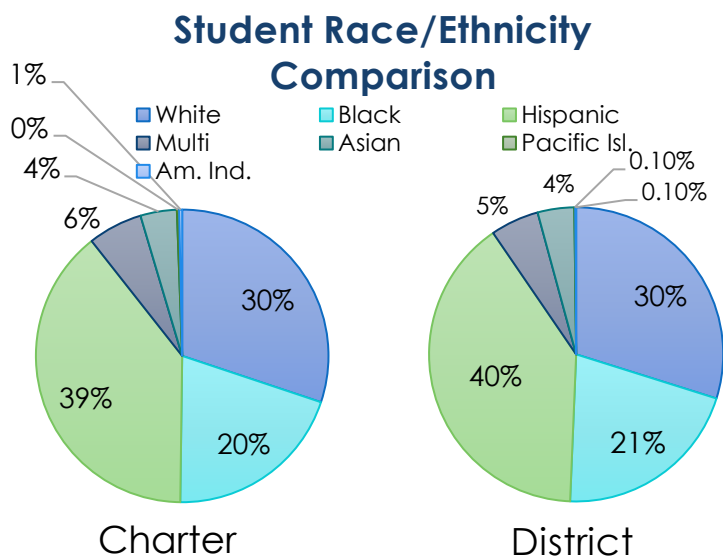

Charter schools must provide a traditional comprehensive public-school curriculum, however, many charter schools in Hillsborough County have unique missions and curricular programming. Some charter schools expand beyond traditional offerings to provide specialized and innovative programs in the performing arts, science, technology, engineering and mathematics (STEM), foreign languages, and advanced academics, while other charter schools provide services to special populations, such as students behind on credits, students with disabilities, and English language learners.

Hillsborough County Public Schools promotes the establishment and operation of high-quality public charter school programs. Well over half of the charter schools operating are accredited, 14 of the 56 schools are designated high-performing charter schools by the Florida Commissioner of Education, nine of which are touted by the Department of Education as “Schools of Excellence”. Additionally, one exceptional student education center has been recognized for their performance with ESE students by the Commissioner of Education, and two schools of hope provide new educational opportunities in areas of need.

2023-2024 APPLICATION CYCLE

Section 1002.33, Florida Statutes, permits individuals, organizations, and community members the opportunity to submit an application to the School Board for the creation of a charter school. **The 2023-2024 Application Cycle occurred between August 1, 2023, through July 31, 2024.** Applicants may submit an application to the district at any time throughout the cycle.

Application Name	Grades	Program Emphasis	Management Company	Application Status	Contract Status
Navigator Academy of Leadership Southshore	K-8	"SMART" Science, Math, Art, Reading, Technology & Leader in Me	Compass Charter Schools	Approved June 4, 2024 to open in August 2025	Pending
Lolita Multilingual Academy	K-8	Immersive Dual Language model	N/A	Submitted July 15, 2024	Withdrawn
B.E.A.M. Academy	K-8	Inquiry and standards based learning	Lighthouse Academies	Submitted July 24, 2024	Withdrawn

SCHOOLS OF HOPE

Section 1002.333, Florida Statutes, authorizes high-impact charter school organizations to apply to the State Board of Education (SBE) and be recognized and designated as a Hope Operator. **Hope Operators must be non-profit organizations with tax exempt status and operate three or more public charter schools that serve students grades K-12 in Florida or other states with a record of serving students from low-income families.**

Section 1002.333(4), Florida Statutes, provides that a hope operator may submit a notice of intent to the school district in which a persistently low-performing (PLP) school has been identified by the State Board of Education.

A “persistently low-performing school” is one that has earned three grades lower than a ‘C’... in at least three of the previous five years that the school received a grade and has not earned a grade of ‘B’ or higher in the most recent two school years.

Once the notice of intent has been received, the school district shall enter into a performance-based agreement (PBA) with the Hope Operator.

HCPS has entered into performance-based agreements with IDEA Public Schools.

The following is a report on the three (3) Schools of Hope with which HCPS holds PBAs.

Hope School	Opening Year	PLP Schools Identified = Service Area	Grades	Performance Based Agreement	2023-2024 Enrollment	2022 School Grade	2023 School Grade	2024 School Grade
IDEA Hope	2021-2022	Oak Park Elementary	K-12	Approved May 7, 2019	K: 113, 1: 98 2: 124, 3: 109 4: 113, 6: 97 7: 109, 8: 110	D	D	D
IDEA Ignite	Deferred until 25-26	Mango, Thonotosassa, Folsom, Dover, McDonald Jennings	K-12	Approved June 23, 2020	Not yet open	Not yet open	Not yet open	Not yet open
IDEA Victory	2021-2022	Robles Elementary	K-12	Approved May 7, 2019	K: 131, 1: 138 2: 121, 3: 120 4: 121, 6: 133 7: 132, 8: 129	C	C	D

APPROVED SCHOOLS DEFERRED OPENING

The following schools have approved applications but have elected to defer their opening as permitted by F.S. 1002.33(6)(b)5 which states, "a charter school may defer the opening of the school's operations for up to 3 years to provide time for adequate facility planning."

Should schools with an executed contract fail to open within the deferral timeframe, their contract will be terminated by the Hillsborough County School Board (HCSB).

Should approved schools with pending contracts fail to execute a contract within the deferral timeframe, their approved application will be surrendered.

A contract between the school and the HCSB is required prior to operation.

Application Name	Grades	Program Emphasis	Management Company	Application Approved	Application Status	Contract Status
Mater Academy Hills	K-5	Traditional	Academica	9/21/2021	Deferred until 25-26	Pending
Mater Academy Hills Middle	6-8	Traditional	Academica	9/21/2021	Deferred until 25-26	Pending

2023-2024 SCHOOLS MONITORED FOR SCHOOL IMPROVEMENT

During the 2022-2023 school year the Florida Assessment for Student Thinking (FAST) was initiated as Florida's new state testing assessment. As this was the initial year of test administration and considered a **baseline**, school grades were not released until well into the 2023-2024 school year. Therefore, schools were relieved from any sanctions normally imposed by school grades. The 2023-2024 school year was considered a **hold harmless year for school grades**.

When charter schools receive a state grade of "D" or "F", the Charter Office adheres to the requirements delineated in Section 1002.33(9)(n), Florida Statutes to govern the process for charter school improvement. Once school grades are received under normal testing administration, charter schools who receive a "D" or "F" complete a School Improvement Plan (SIP), then present their SIP to the Hillsborough County School Board.

This did not occur during 2023-2024 due to the lack of sanctions implemented once school grades from the 2023 testing administration were received. **The process will resume during the 2024-2025 school year.**

2023-2024 CONTRACT RENEWALS

Section 1002.33, Florida Statutes, includes a provision for the renewal of a charter contract for those schools that have successfully completed their contract term. The district's process for contract renewal consideration includes the submission of a letter of intent to renew the contract, a comprehensive program review, an update of the charter application, and the development of a new contract.

The following schools participated in the contract renewal cycle in 2023-2024.

School	Board Action	Action Date	Renewal Term
BridgePrep Academy of Tampa	Renewed	February 6, 2024	5-years
Navigator Academy of Leadership Valrico	Renewed	February 20, 2024	5-years
Riverview Academy of Math & Science	Renewed	January 23, 2024	5-years
SLAM Academy at Apollo Beach	Renewed	February 20, 2024	5-years
SLAM Academy Tampa Elementary	Renewed	February 20, 2024	5-years
Walton Academy of Performing Arts	Renewed	January 23, 2024	5-years

2023-2024 OTHER BOARD ACTION

Florida Statutes 1002.33(7)(d) permits a charter to be modified upon recommendation of the sponsor or the charter's governing board and approval of both parties to the agreement, including the consolidation of multiple charters into a single charter if the schools are operated under the same governing board.

Hillsborough County School Board Policy 9800 outlines the process for charter contract amendments and modifications to be followed by the schools and internal procedures followed by the Charter Office.

The following schools requested modifications to their contract in 2023-2024.

Charter School	Modification Requested	Board Approval Date
Plato Academy Tampa Charter School	Expand grade levels served to include grades ninth to twelfth.	June 8, 2024

2023-2024 SCHOOL CLOSURES

Section 1002.33(8), Florida Statutes, defines clear causes for nonrenewal or the termination of a charter. Academic accountability, fiscal mismanagement, and student health and safety violations are general causes for nonrenewal or termination.

A charter may also be nonrenewed or terminated by a charter school's governing board through voluntary closure pursuant to Florida Statutes 1002.33(7)(e). To accept the voluntary termination of a charter, Board action must be taken to terminate the contract held with the school. If the school elects to not renew the contract, the Board is formally informed.

No contracts were terminated during 2023-2024.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.

Fund Balance	\$4,451,003	\$4,189,978	\$3,463,416	\$4,611,139
Annual Revenue	\$10,955,786	\$11,877,645	\$12,946,126	\$15,494,056
Expenditures	\$12,325,488	\$12,138,670	\$13,672,688	\$14,346,333
Financial Deteriorating Condition (Yes/No)	No	No	No	No
Financial Corrective Action (Yes/No)	No	No	No	No

*As of June 30, without recalibration

This document is a tool intended to inform stakeholders of a charter school's overall profile and not as a scored performance framework. A performance framework is a group of scored metrics that result in overall ratings. A school profile is a collection of critical but unscored information and/or metrics about a school that can be widely shared alongside the rating of a school's performance and quality.
