

Welcome to the wonderful world of AP US History! I look forward to a great year filled with adventures. To get us ready to maximize our learning opportunities this coming year, I would like you to complete the following summer work.

Please sign up for and take the 6 hour zoom AP US History School “Complex Understanding” offered through the Gilder Lehrman Institute for American History. If you are unable to complete this assignment, see me for the alternate assignment **by Tuesday, May 21st.**

About the Course: This course will focus on “complex understanding” in AP US History (APUSH). It is a large part of the assessment, yet it is hard to describe and achieve. By focusing on nuance, effective use of evidence, and sophisticated argumentation, this course will help you apply your content knowledge to demonstrate complex understanding in the free-response section of the APUSH exam. The aim is for you to feel confident in the skills needed to excel on the APUSH exam. Here is a link and an overview:
