

Supplies

- 1.5 inch binder (empty)
- 6 dividers
- notebook paper
- pens and pencils

Pre-IB German 2 Summer Assignment for Fall 2024

1. Log into your Deutsche Welle account and choose Nicos Weg A1 or [Beginners | DW Learn German](https://learngerman.dw.com/en/nicos-weg/c-36519789) or <https://learngerman.dw.com/en/nicos-weg/c-36519789>

If you choose to also watch the movie on Youtube about Nico, here's the link:

[Learn German \(A1\): whole movie in German - "Nicos Weg" | Learn German with video \[german captions\] - YouTube](#)

2. *Complete the Nicos Weg A1 course lessons 1-12 on the Deutsche Welle website. Some of these lessons should be completed already from homework throughout 9th grade. You can change the language in the directions of the computer assignment by clicking the three lines in the heading, selecting Sprache, and selecting English. That will clear out any progress you have already done from the dashboard, but if you change the Sprache back to Deutsch for some lessons you did during the year, your progress will still be there. I recommend redoing all lessons other than #6, the "wohnen" living section, as a review. As long as all lessons 1-12 are complete, you can be eligible for an A.*
3. If there is a section you can't figure out, print or screenshot the lessons and we will go over it in class in August. You will log into your Nicos Weg on the last rotation of your class during the second week of school and show me your grade.

We will complete the rest of the lessons 13-18 during semester 1, as they fit our unit themes and grammar very well.

4. If you struggled in German this year or got a low score on the National German Exam or Semester 2 exam, I also recommend watching Easy German Lesson Videos on Youtube and completing Duolingo on a regular basis.
