

Weekly Update 9/9/24

HawkNation:

We have a busy week with Conference Night on Wednesday from 4-6:30 and College Fair on Thursday from 6-8PM. The College Fair is great for students of all grade levels to attend and there will be schools in and out state as well as technical colleges and community colleges.

Tardiness is a life skill and we have given plenty of grace to allow students to figure out their way around the campus and with the increase of students. Please speak to your student. School starts at 8:35. Attendance is important to student success.
